# What's new to this Conference?

## Roundtable Policy Discussions

The conference is evolving its approach to include policy ideas from external organisations and charities.

Branded as our premium event, during the lunch hour you will have the opportunity to hear first hand from these external organisations and charities about their ideas on policy as well as posing any questions you would like to ask them. MPs, MSPs, Councillors and members will be in attendance at this event. This event will also be catered.

This event is for a limited number of delegates, so will be approached on a first come first served basis.

## Mini Motions

The conference is introducing an exciting new format for policy discussion known as 'Mini Motions'. This involves members submitting concise policy ideas of fewer than 150 words for inclusion in a series of brief, thematic debates.

Designed to be fast-paced and engaging, these debates are anticipated to last around 15 minutes each. A member can introduce their policy idea, after which other members can respond through brief speeches or succinct interventions.

More information on Mini Motions can be found on the next page.

# Mini Motions

**What are 15 Minute Mini Motions?** These are quick, theme-based debates designed to foster dynamic discussions on a wide range of topics. They offer an avenue for real-time interventions and an exploration of experimental policy ideas.

**How does it work?** Members are invited to submit succinct policy ideas, no more than 150 words, for inclusion in a series of brief, thematic debates. The conference committee has chosen 2 subjects: [Families, Children and Young People and Housing](#).

**A Vote to Gauge Sentiment** An essential feature of these mini debates is the indicative vote taken at their close. Although this vote doesn't directly influence party policy, it provides a valuable insight into the idea's appeal amongst members.

**Why this new approach?** We believe this format will encourage spirited discussions, ensure a wider range of voices are heard, and stimulate innovative policy suggestions. It's a step in our constant endeavour to democratise policy debates, making them more accessible and engaging for all members.

**Join the Debate!** If you're passionate about a policy idea or keen to engage in these concise yet significant debates, we wholeheartedly invite you to participate. Let's use this platform to mould our future policies and share views that could redefine our discourse.

**How do I do this?** Simply write down your idea for a motion and then submit your suggestion to [hq@scotlibdems.org.uk](mailto:hq@scotlibdems.org.uk) – The deadline is October 17<sup>th</sup>. More information and examples can be found on the website under 'How to write a motion'.

6. Sally Robertson (Commission member)
7. Bruce Wilson (Commission member)
8. Jacquie Bell
9. Fiona Campbell Trevor
10. Neil Casey
11. Thomas Prag

### 1 **Conference notes:**

- 2 A. The publication of the report of the Scottish Liberal Democrat Just Economy  
3 Commission, *Liberal Prosperity in a Sustainable Nation*.
- 4 B. Its considerations, analysis and recommendations framed within the ambition to  
5 achieve
  - 6 - Freedom from poverty, bringing new policies for prosperity
  - 7 - Freedom from climate harm, bringing a sustainable Scotland
  - 8 - Freedom from restrictive centralism, bringing new connected communities
  - 9 - Freedom from stifling inequality, bringing new social opportunities

### 10 **Conference further notes its policy recommendations, which include:**

- 11 i. The creation of a framework of policies which will encourage responsible and  
12 sustainable economic development, ensuring that these bring most benefit to  
13 people on modest incomes rather than to the super-rich.
- 14 ii. Within freedom from poverty, measures such as the stimulation of inward  
15 migration backed by a national workforce plan, a feminist investment policy, a  
16 comprehensive Scottish Industrial Strategy and the removal of barriers to  
17 prosperity for disabled people.
- 18 iii. Within freedom from climate harm, new measures to accelerate and coordinate  
19 the retrofit of homes and businesses, building Scotland's capacity to reduce and  
20 process waste, and learning from the windfall tax on the super profits of energy  
21 giants by exploring predictable supplemental charges on unjustified profit from  
22 unearned activity,
- 23 iv. Within freedom from restrictive centralism, encouraging communities to apply  
24 for further powers, involving communities in procurement solutions that affect

25 them, closer ties with our European neighbours, and boosting public transport  
26 by learning from the best schemes around Europe, empowering customers and  
27 recognising core connectivity for remote and island communities is in the  
28 national strategic interest.

29 v. Within freedom from stifling inequality, a radical expansion of early learning and  
30 childcare, shifting tax from income to unearned wealth, and frameworks for the  
31 rollout of emerging technologies such as AI so that they are developed and  
32 deployed ethically, wealth is shared and opportunity is spread.

33 **Conference calls for:**

34 1) The report to be referred to the Scottish Liberal Democrat Policy Committee and  
35 MSP group so that its findings and recommendations may be taken into  
36 consideration in both the manifesto for the next Scottish Parliament election and  
37 the development of policy in the meantime.

38 2) The report to be referred to the Liberal Democrat Federal Policy Committee so  
39 that its findings and recommendations may be taken into consideration in both  
40 the manifesto for the next UK Parliament election and the development of policy  
41 in the meantime.

# Motion 2 - Council Tax and Local Governance

## SC2- Motion: Council tax and local government finance

Submitted jointly by: Association of Scottish Liberal Democrat Councillors (ASLDC), Dunfermline & West Fife local party, Edinburgh West local party, Perth & Kinross local party, West Lothian local party and Highlands Local Party

### 1 **Conference;**

2 1. **condemns the** SNP / Green Scottish Government for causing a crisis in local  
3 government through successive cuts to council grants at a time of growing costs and  
4 increasing demand for council services.

5 2. **notes that**, rather than funding councils properly and despite an SNP promise to  
6 scrap the council tax when first elected, the Scottish Government is now considering  
7 changes to further embed council tax with a tax increase on bands E-H.

8 3. **notes that**, if implemented, over 700,000 households across Scotland would see a  
9 rise in their council tax bills, some by as much as £835 every year.

10 4. **further notes** that any increases in money raised from council tax will likely be wiped  
11 out by the central government grant cuts imposed by SNP and Green Ministers,  
12 meaning many people will end up paying more for less.

13 5. **calls on** Scottish Liberal Democrat MSPs to

14 a) oppose the Scottish Government's council tax proposals, and

15 b) press Scottish Ministers to rule out further cuts to local council grant funding and  
16 begin a process of reversing the cuts imposed over recent years.

17 6. **agrees that** the Scottish Policy Committee should build on the party's existing and  
18 long-standing policy of replacing the discredited council tax system by bringing forward  
19 an updated policy motion to a future conference so the next Scottish Parliament  
20 election manifesto includes firm commitments to both properly fund local councils and  
21 deliver a fairer alternative to the council tax.

# Motion 3 - Reinforced Autoclaved Aerated Concrete

### **SC3 - Motion: Reinforced Autoclaved Aerated Concrete (RAAC)**

Submitted by: West Lothian Local Party

Proposer: Cllr Sally Pattle

Summator: TBC

#### **1 Conference notes:**

- 2 1) The serious safety issues around Reinforced Autoclaved Aerated concrete.
- 3 2) That an NHS Scotland safety action notice warned that roofs, walls and flooring made  
4 of this material are at "risk of catastrophic structural failure" which could occur  
5 "suddenly" and "without warning".
- 6 3) That West Lothian Council has been at the vanguard of tackling issues with  
7 Reinforced Autoclaved Aerated Concrete and that until now, West Lothian Council has  
8 self-funded all remedial works.
- 9 4) Guidance relating to inspection of public buildings buildings constructed using RAAC  
10 and remedial action issued between 2019 and 2023.
- 11 5) West Lothian Council's prompt action to inspect buildings and schedule remedial  
12 action, self-funding this work.
- 13 6) The lack of action by the Scottish Government to support Councils in funding this  
14 work since this issue was first identified in 2018.
- 15 7) Alex Cole-Hamilton's call for a National Fund to help Councils and Health Boards  
16 make buildings constructed using RAAC safe.

#### **17 Conference believes:**

- 18 1) That rapid remedial action is required to identify and fix buildings constructed with  
19 RAAC so that the public can be confident that their schools, hospitals and other public  
20 facilities are safe.
- 21 2) That Councils and Health Boards should not have to fund this work entirely from  
22 their own resources.

#### **23 Conference calls for the Scottish and Westminster Governments to:**

- 24 1) Provide sufficient funding to enable public sector remedial works to be carried out by  
25 local authorities and health authorities across Scotland and the wider United Kingdom.
- 26 2) Allow local authorities and health boards who have already self-funded remedial  
27 works to apply for financial compensation in retrospect.

# Motion 4 - Policy Committee Report on the Energy Reference Back

## SC4- Motion: Policy Committee report on the energy reference back

Submitted by: Scottish Policy Committee

Mover: Neil Casey

Summator: Thomas Prag

1 **Conference recalls** that motion *SC12EnergyDiversification and Resilience* was  
2 referenced back to the Policy Committee at the 2022 Autumn Conference.

3 **Conference notes** and agrees to the proposed policy positions contained in the *Policy*  
4 *Committee Report on the Energy Reference Back*.

5 **Conference believes:**

- 6 1. Scottish Liberal Democrats have always been supportive of following the  
7 evidence in the bid to decarbonise energy generation in helping us to reach Net  
8 Zero whilst also meeting Scotland's energy needs, achieving these outcomes  
9 safely at the lowest cost to consumers, taxpayers and our planet. The same  
10 approach should be adopted while considering future generations of nuclear  
11 power in Scotland.
- 12 2. A mix of generating technologies will be essential to meeting our future energy  
13 requirements, providing resilience and predictability particularly at times of peak  
14 demand. This will need to be backed by smarter flexible infrastructure, a  
15 modernised grid and greater storage capabilities.
- 16 3. There should be an evidence-based assessment of energy sources which  
17 considers their potential to contribute to cutting emissions and takes a whole-life  
18 approach to risk, environmental impact and cost, from construction through to  
19 decommissioning and long-term legacy. This objective assessment should apply  
20 to future generations of nuclear power in the same way that it does to other  
21 technologies.
- 22 4. There are currently no small modular reactors (SMRs) in existence for power  
23 generation. The fact that there are dozens of different designs being worked  
24 upon around the world impedes, at this time, a full, fair and comprehensive  
25 assessment of the environmental consequences, cost, production times and  
26 other issues. The assessments of benefit and harm will vary within designs,  
27 regulatory frameworks and local context, with each requiring thorough risk  
28 assessment and public engagement.

- 29 5. The developers of SMRs, or any other form of nuclear power, would need to  
30 demonstrate beyond any reasonable doubt that their technology is effective,  
31 safe, clean, value for money and has the support of communities.
- 32 6. There is finite resource to incentivise and explore technologies. Any work on  
33 nuclear power must not starve other technologies of the funds they need.
- 34 7. Scotland has made good progress towards decarbonising energy generation and  
35 making the essential transition away from fossil fuels within this sector, thanks in  
36 significant part to the decisions of Liberal Democrats in government who showed  
37 leadership and encouraged innovation. Our party's record shows we are always  
38 the strongest supporters of renewable technologies.
- 39 8. We also recognise the opportunities for Scotland's world-class universities,  
40 engineering expertise and industrial base to play their part in the research and  
41 development that will be necessary to develop embryonic technologies and  
42 deliver the scientific breakthroughs that will pave the way for the power sources  
43 of the future.

## **Scottish Liberal Democrats - Standing Orders**

- A. In the event the Scottish Executive determines it is impossible to hold a conference under the normal rules, and instead summons a special meeting of the conference to be held remotely, or the Committee otherwise directs that a conference shall be conducted remotely, these Standing Orders shall apply.
- B. A remote conference shall be conducted in accordance with the Standing Orders that apply to a conference not conducted remotely ('the original Standing Orders'), save that:
- a) All references in the original Standing Orders to votes, whether by ballot, show of hands or show of voting cards, shall instead be conducted via an online poll or alternative secure method of online voting, designated by the Committee. Similarly all references to speakers cards shall be taken to mean electronic speakers' cards.
  - b) Any communications with the Chair must be made via an online channel designated by the Committee for that purpose and advertised to voting members prior to the commencement of a debate.
  - c) Voting (Section 7) – all voting will be carried out electronically by members registered for conference and eligible to vote, thus removing the requirement for a counted vote.
  - d) Points of Order and Procedural Motion (Section 8) – will be submitted electronically to the chair within the timescales laid out in the Standing Orders.

2.4. The Conference Committee shall decide which of the motions duly submitted shall be included within the Agenda. The proposers of the motions selected for debate shall be informed of the Conference Committee's decision. The Agenda shall be circulated to Local Parties and other bodies entitled to submit motions and amendments under the provisions of Section E19 of the Constitution so that amendments can be tabled to these motions by such bodies. Copies of motions not selected for inclusion in the Agenda shall be available for inspection.

2.7. The Conference Committee shall also prepare an agenda for the business session of each meeting of Conference. The Committee shall circulate this, with the text of proposed amendments to the Constitution in accordance with Section L of the Constitution, amendments to Standing Orders, and other party business motions, with the Agenda as per Section 2.4

2.8. The Party's Principal Committees may submit holding motions, which shall identify the issues to be dealt with within the motion but which may be amended and expanded upon later. Standing Orders 2 and 3 shall apply to holding motions as they would apply to ordinary motions, except that:

2.8.1. the final version of the motion shall be submitted not less than two weeks before the start of the meeting of Conference;

2.8.2. The text of the final version shall be circulated to Conference Representatives, Local Parties and other bodies authorised to submit motions under the provisions of Section E19 of the Constitution, who may submit amendments no later than two working days before the start of the meeting of Conference; and

2.8.3. The Committee shall make available to Conference Representatives the text of the final version and any amendments chosen for debate, either by their publication in the Conference Daily Bulletin or by any other means the Committee considers most appropriate

2.9. The Conference Committee may, if the circumstances require, propose to Conference a variation in the order of business as set out in the Agenda. Such variation shall be put to the vote and shall take effect if approved by a majority of those voting.

### **3. Submission of Motions and Amendments**

3.1. The Conference Committee may refuse to select a motion for the amendment of the Constitution or Standing Orders if, in the opinion of the Committee, it is similar in effect to another motion which has been selected for debate at the same meeting of Conference. All other motions in these categories shall be circulated with the Agenda.

3.2. No amendment shall be selected if, in the opinion of the Conference Committee, it is insubstantial, outside the legitimate scope of the motion or tantamount to a direct negative of the motion.

3.3. The movers of any motion or amendment that has not been selected shall be notified as soon as is practicable and may appeal to the Conference Committee in accordance with directions given by the Committee. If an appeal is allowed, the motion or amendment shall be treated as an emergency motion or amendment notwithstanding that it does not comply with Standing Order 5.

3.4. This Standing Order and Standing Order 2 do not apply to procedural motions under Standing Order 8.

3.5. No Topical Motion may be selected for debate at Conference unless the Conference Committee is satisfied that the content of the motion is such that it could not have been submitted in time for the deadline as set out in Section 2.2 for ordinary motions. No Topical Motion can be a holding motion from a Party Committee.

### **4. The Agenda – Special Conferences**

4.1. Special Conferences shall deal only with the business stated in the notice of requisition, save that the Conference Committee may allow time for emergency motions and for business which is formal or, in the opinion of the Committee, uncontentious.

4.2. The Conference Committee shall draw up an Agenda and circulate in line with Section 2.4. If the Committee deems it necessary the Agenda can be circulated with amendments to be submitted as Emergency Amendments.

4.3. The provisions of Standing Orders 2 and 3 shall, so far as they are not inconsistent with Standing Orders 4.1 and 4.2, apply to special meetings of the Conference.

## **5. Emergency Motions**

5.1. An emergency motion or amendment must relate to significant developments which have occurred since the relevant closing date or so shortly before that date as to make it impracticable to submit a motion, Topical Motion or amendment in due time. It must be brief and specific.

5.2. An emergency motion or amendment may be submitted by five Conference Representatives or by any persons or bodies authorised to submit motions under the provisions of Section E9 of the Constitution.

5.3. The Conference Committee may, for each day of the meeting of Conference, set aside time convenient for the debate of Emergency Motions. In such an event, proposed Emergency Motions must be submitted to the Conference Committee, duly signed, by 5pm the day before they are to be debated. Emergency Amendments to motions already on the Agenda for that meeting of Conference must be submitted by 5pm the day before the motion is to be debated.

5.4. The Conference Committee may refuse to select an emergency motion or amendment if, in the opinion of the Committee, it is similar in effect to another motion which has been selected for debate at the relevant meeting of Conference.

5.5. The Conference Committee will choose the emergency motions or amendments which, in the opinion of the Committee, are most relevant to the concerns of the Conference and can be debated within the time available. The Committee shall make available the text of all emergency motions and amendments chosen for debate either by publication in the Conference Daily Bulletin or any other means the Committee finds most appropriate.

5.6. Amendments shall not normally be taken to the text of an Emergency Motion. However Conference Committee may consider amendments duly signed by 5 Conference Representatives or by any body authorised to submit motions under the provisions of Section E9 of the Constitution. These amendments must be brief, suitable for debate and of a similar emergency nature. The deadline for submitting amendments to an Emergency Motion will be listed in the Conference Daily Bulletin alongside the text of the Emergency Motion. The movers of the Emergency Motion must be given the opportunity to agree that the text of the amendment be accepted without debate or vote, and the text must be circulated to voting representatives before the start of the debate.

## **6. Conduct of Debate**

6.2.2. Votes will be taken on amendments in the order in which they have been moved and finally, a vote shall be taken on the substantive motion.

6.3. The Conference Committee may direct that parts of any motion or amendment or group of amendments may be the subject of a separate debate the Conference Committee may also direct that a debate may comprise of more than one substantive motion. In this case it shall be up to the discretion of the Chair as to the allotment of speakers, save that the rights of movers of motions or amendments shall not be infringed.

6.4. The Committee may authorise members of other State or Regional Parties to speak. The Committee may also, invite any person to address a Conference as a guest.

6.5. On any topical motion, policy motion or emergency motion not moved on behalf of the Policy Committee, the Policy Committee shall have the right to nominate one of its members to report to the Conference its views on the motions and/or amendments under debate. In circumstances where there is a preponderance of members wishing to speak on the same side in any debate, the Chair may announce a departure from this rule.

6.8 The Chair of the debate shall have discretion on all matters relating to the debate and that decision shall be final, except by a standard where a decision is so unreasonable, that no reasonable individual would have made the same decision.

## **7. Voting**

7.1. Members eligible to vote and registered for a virtual conference will be issued electronic Voting cards. At the end of each debate eligible members will be asked to vote by the Chair of the debate. The time available to vote will be left open at the discretion of the chair. ## **8. Points of Order and Procedural Motions**

8.1. Any member eligible to vote in the debate may raise a point of order electronically with the Chair (details of how to do this will be shared with members at the start of the virtual conference). A point of order shall be taken immediately, except that, during a vote no point of order shall be taken that does not refer to the vote itself. The decision of the Chair of the session on all points of order shall be final.

### **8.2. References Back**

8.2.1. A voting member may, at any time before the end of speeches in reply to the debate, submit electronically a motion to refer back the motion under debate. Such a submission shall state to whom the motion is to be referred (e.g. Scottish Policy Committee; Scottish Executive) and shall include a short statement of the reasons.

8.2.2. The Chair may decide either to take the motion to refer back immediately or defer it until the end of debate. If more than one request for a reference back is received, the Chair shall have the discretion as to which to take but shall give consideration to the appropriateness of the bodies to which the motion is being referred, the degree to which the stated reasons for reference back reflect views expressed in the debate and the order in which the requests were submitted, before exercising the rights of discretion. No more than one reference back shall be taken to any motion.

8.2.3. The Chair shall, upon taking the motion to refer back, read it and the statement of reasons and ask conference whether it wishes to debate the motion. If the conference decides not to debate the reference back, the reference back automatically falls. The Chair shall have discretion whether to allow other speakers on the motion.

8.3.4. The Chair shall read the statement of purpose and if the suspension is allowable, ask Conference whether it wishes to debate the request to suspend Standing Orders. If the Conference decides not to debate the request, it falls. If the Conference decides to hear the request the mover may speak and a representative of the Conference may reply. The Chair has the discretion to call other speakers and all speeches will be limited to two minutes.

8.3.5. A motion to suspend Standing Orders shall only be carried if supported by at least two thirds of voting members taking part in the vote. If the procedural motion is carried all Standing Orders shall remain in force except only for the purposes set out in the motion.

8.4.2. At the direction of the Conference Committee; or
