Political activities

Following the general election of 2024, work continued on targeted Focus leaflets and involvement in community campaigns, and preparation for the local elections in 2026. As before, our financial resources, though limited, have helped to maintain a strong profile for the Liberal Democrats in Redbridge.

Financial Activities

Income Overview

Donations have continued at an even higher level than in 2024, itself a remarkable year for the generosity of our regular and occasional donors. This has enabled the local party to maintain a tight but sustainable balance between income and expenditure. 2024, and now 2025, have resulted in small surpluses, succeeding some years of deficit spending.

It will be noted that fundraising activity was minimal. This partly reflected a deliberate decision by the Executive that reliance on fundraising could not provide the foundation for the financial sustainability we required. It remains the case though that there is more scope for fundraising events and associated opportunities for social activity for our members.

Expenditure Overview

Apart from administration and HQ costs, all expenditure related to maintaining a profile for the Liberal Democrats through campaigning activity.

Continuing expenditure

A comparison between one year and another is always difficult as both income and expenditure vary depending on various electoral cycles and political events.

Balance Sheet Overview

There was a small surplus in the year of £31.55. Total reserves at the year end amount to £4110.31 represented by the bank balance.
