Dear London member,

Please give me your **first preference** on the London Assembly List.

When Caroline Pidgeon steps down, our London Assembly Team will need experienced members who know how London Government works.

As Leader of Richmond Council and Liberal Democrat Leader Elect at London Councils I believe I have the skills and expertise to continue Caroline's legacy.

If you put your trust in me, and give me your first preference - I commit to leading our fight across London; taking on both the Tories and Labour across our city.

Kind regards,

Gareth
