

Chris MAINES

#1 FOR LONDON

**EXPERIENCE. ENERGY.
ENTHUSIASM.**

This is a crucial time for our city. We are still reeling from Brexit, hit hard by the Cost-of-Living crisis and seeing our liberal values under attack.

With the Conservative Government in chaos and Labour-run City Hall continuing to neglect our communities, **people need a strong Liberal Democrat alternative now more than ever.**

Caroline Pidgeon, has laid the foundations for us to have a strong Liberal presence in London. **We must build on her achievements and grow our voice on the Assembly.**

We need a leader who is an energetic campaigner - someone who has experience of supporting teams across our city, motivating people and winning. **I am that candidate.**

I have been a Councillor, Council Leader and won in a Tory borough and a Labour borough. I am a campaigner with a record of action across London and beyond. **That is why I am standing to lead our Liberal Democrat team next May.**

So why should you vote for me? **As your #1 candidate my focus will be:**

- Rebuilding our local teams and helping each borough move forward
- Concentrating our campaigning on key issues impacting Londoners
- Being visible in the media to ensure people hear our positive alternatives

Please give me your **FIRST PREFERENCE VOTE**, so that next May we can grow our team and win.
