Conference at a glance

At Conference, the party debates policy and party business in the Auditorium. During lunch breaks and in the evening, the Fringe programme provides an opportunity to explore different policy aspects in more detail, usually through a panel discussion involving experts and parliamentarians. Alongside the Auditorium and Fringe sessions, the party also runs an extensive Training programme (fringe and training details are in the directory).

The Agenda section on pages 3–107 covers what goes on in the main Auditorium – debates on policy and party business. You'll see a timetable for the debates on pages 3–6, then each agenda item is listed, including the motion that is to be debated. There is also a description of how debates are conducted, and how you can participate, on pages 108–115.

Standing orders, on pages 116–127, are the rules that govern the policy and party business that is debated in the Auditorium, relating to how motions and amendments are chosen for debate, how the sessions are conducted and more. There is a useful glossary to help understand some of the terms used.

F3 Standing order amendment: Tidying-up Standing Orders

Federal Conference Committee

Mover: Duncan Brack.

Summation: Cllr Nick da Costa (Chair, FCC).

Saturday

- 1 Conference notes that:
- 2 a) Conference standing orders currently do not allow for
- 3 'hybrid' conferences, where some voting members
- 4 participate in person and some participate online.
- 5 b) Recent experience has revealed a number of issues
- 6 on which conference standing orders lack clarity or
- 7 could be improved.
- 8 Conference therefore agrees to the following amendments to
- 9 conference standing orders:
- 10 1. *In Glossary of Terms, delete the definition of 'Emergency*
- 11 *motion' and replace with: 'A proposal which derives from a*
- 12 *significant recent development which occurred after the*
- 13 *deadline for submission of motions. Emergency motions*
- 14 *must be brief (maximum 500 words).'*
- 15 2. *In SO 1.3 (Right to submit agenda items) para (b), after*
- 16 *'Federal Council' insert 'Federal Conference Committee',*
- 17 *and delete last sentence 'Business motions, standing order*
- 18 *amendments and secondary standing order amendments*
- 19 *may also be submitted by the Federal Conference*
- 20 *Committee'.*
- 21 3. *In SO 8.2 (Withdrawal of motions and amendments), add at*
- 22 *end: 'A request to withdraw a motion may be submitted to*

Saturday 23 September cont.

- 23 conference either by the movers of the motion or the
 24 Committee’.
- 25 4. *In SO 9.1 (The method of voting), add at end: ‘and by voting*
 26 *members voting securely online’.*
- 27 5. *In SO 11.4 (Separate vote), in lines 10–11, delete: ‘by the*
 28 *same deadline as that for emergency motions’ and insert:*
 29 *‘no later than 48 hours before the opening of conference’.*
- 30 6. *In SO 11.6 (Suspension of standing orders), para (a), insert*
 31 *after first sentence: ‘Such a motion may contain no more*
 32 *than one proposed change to the agenda or conduct of*
 33 *debate’.*
- 34 7. *In SO 12.4 (Supplementary questions to reports), lines 7–8,*
 35 *delete ‘two minutes’ and insert ‘30 seconds’.*

The existing text of Conference standing orders is printed in this Agenda at pages 116–127.

Applicability: Federal.

Mover: 5 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see [pages 110–111](#).

The deadline for amendments to this motion, see [page 114](#), and for separate votes, see [page 109](#), is 13.00 Monday 11 September. Those selected for debate will be printed in Conference Extra and Saturday’s Conference Daily.

Standing order amendments require a two-thirds majority to pass.

09.40 Policy motion

F5 Combatting Human Trafficking and Modern Slavery

11 members

Mover: Rt. Hon. Alistair Carmichael MP (Spokesperson for Home Affairs).

Summation: Sarah Olney MP (Spokesperson for Treasury, Business and Industrial Strategy).

1 Conference believes that:

Saturday 23 September cont.

- 2 i) Slavery is one of the greatest affronts to the fundamental
3 British principle of individual liberty; no human being
4 should be enslaved.
- 5 ii) Modern slavery must be eradicated, exploitation
6 prevented and traffickers brought to justice.
- 7 iii) Survivors of human trafficking and modern slavery are
8 among the most vulnerable people in our society and
9 they must all be supported and protected by the
10 Government, regardless of immigration status.
- 11 Conference notes with grave concern the Conservative
12 Government's assault on protections for victims of human
13 trafficking and modern slavery – including the Nationality and
14 Borders Act and the Illegal Migration Act – which roll back
15 crucial provisions of the Modern Slavery Act.
- 16 Conference further notes that:
- 17 a) There are estimated to be at least 100,000 modern
18 slavery victims in the UK, and referrals to the National
19 Referral Mechanism (NRM) are at a record high.
- 20 b) The vast majority of people referred into the system
21 are confirmed to be genuine victims by detailed
22 investigations, despite Conservative accusations of
23 people 'gaming the system' through false claims.
- 24 c) The Conservative Government has consistently
25 broken its promises on tackling human trafficking and
26 modern slavery – from its pledge to create a new
27 single enforcement body, to abandoned plans to
28 remove the 'family worker exemption' that permits
29 employers to pay domestic staff less than minimum
30 wage.

Saturday 23 September cont.

31 d) The UK has just 0.29 labour market inspectors per
32 10,000 workers – less than a third of the International
33 Labour Organization’s minimum benchmark of one
34 per 10,000.

35 e) On average, victims have to wait almost 2 years for a
36 decision on their NRM case.

37 f) The Conservative Government’s immigration policies
38 have increased the risk of exploitation – whether by
39 making some industries over-reliant on temporary
40 visa schemes or closing safe and legal routes for
41 asylum, pushing desperate people into the hands of
42 traffickers.

43 g) In January 2023, the Government raised the threshold
44 of evidence for victims to be recognised, despite
45 criticism from human rights organisations including
46 the Helen Bamber Foundation and Anti-Slavery
47 International.

48 h) Conservative Ministers have left the crucial post of
49 Independent Anti-Slavery Commissioner vacant for
50 over a year.

51 Conference commends Liberal Democrat parliamentarians for
52 consistently opposing both the Nationality and Borders Bill and
53 the Illegal Migration Bill.

54 Conference therefore calls on the Government to:

55 1. Reverse its rollbacks on modern slavery protections and
56 ensure that all legislation is compatible with the UK’s
57 international law obligations, including the Council of
58 Europe Convention on Action against Trafficking in Human
59 Beings.

Saturday 23 September cont.

- 60 2. Take power out of the hands of smugglers by scrapping the
61 Illegal Migration Act and providing safe and legal routes to
62 sanctuary in the UK.
- 63 3. Prevent exploitation of migrant workers by removing the
64 Conservatives' arbitrary salary threshold for work visas and
65 replacing it with a more flexible merit-based system,
66 making employers and employees less reliant on temporary
67 visas.
- 68 4. Establish a powerful new Worker Protection Enforcement
69 Authority to protect people in precarious work, with
70 proactive intelligence-led enforcement of labour market
71 standards and a firewall with immigration enforcement.
- 72 5. Transfer responsibility for identifying modern slavery
73 victims from the Home Office to local safeguarding
74 agencies.
- 75 6. Appoint a new Independent Anti-Slavery Commissioner
76 and strengthen the role, while giving Parliament the power
77 to fill the post if left vacant for three months or more.
- 78 7. Bring more traffickers to justice by resourcing the criminal
79 justice system properly to improve prosecution and
80 conviction rates.
- 81 8. Create a financial deterrent by establishing a civil remedy
82 for survivors seeking redress from their traffickers.
- 83 9. Give survivors the support they deserve as victims of a
84 grievous crime, such as access to legal aid – including early
85 advice prior to entering the NRM – and protection from
86 detention or removal.
- 87 10. Lift the ban on people in the NRM working if they have been
88 waiting for a decision for over three months, enabling
89 survivors to gain independence and move on with their lives
90 while contributing to the economy.
- 91 11. Improve first responders' ability to support victims through

Saturday 23 September cont.

- 92 mandatory training and allowing more civil society
93 organisations to become accredited first responders.

Applicability: Federal.

Mover: 5 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see [pages 110–111](#).

The deadline for amendments to this motion, see [page 114](#), and for separate votes, see [page 109](#), is 13.00 Monday 11 September. Those selected for debate will be printed in Conference Extra and Saturday's Conference Daily.

F7 A Fair Deal for the Armed Forces Community

10 members

Mover: Richard Foord MP (Spokesperson for Defence).

Summation: Baroness Smith (Lords Spokesperson for Defence).

1 Conference notes:

- 2 i) The findings of the Haythornthwaite report which found
3 that the most common reason for leaving the armed forces
4 is the impact on family and personal life, and the Armed
5 Forces Continuing Attitudes Survey which found that one
6 third of spouses said that they would be happier if their
7 partner chose to leave the service.
- 8 ii) Ongoing issues with access to childcare for personnel and
9 their families stationed overseas, lack of support when
10 moving children around schools, and with spousal
11 employment overseas.
- 12 iii) The poor state of MOD housing, including sewage leaks,
13 mould and damp, and the complaints regarding
14 maintenance contractors.
- 15 iv) Families of service personnel frequently struggle to access
16 information about important provisions like childcare,
17 preventing them from being able to make informed choices
18 and leaving them feeling like they do not have agency.

Saturday 23 September cont.

- 19 v) The experience of female personnel in the armed forces, as
20 outlined by the Atherton Report which found that “the MoD
21 and the Services are failing to protect female personnel
22 and to help servicewomen achieve their full potential”.
- 23 vi) There are over 1.8 million veterans in England and Wales
24 according to the 2021 Census, many of whom are caught
25 by gaps in support across services from mental healthcare
26 to housing.
- 27 vii) The cost-of-living crisis which is impacting the
28 Armed Forces community – with veterans and their families
29 twice as likely to be unpaid carers or to be in receipt of
30 sickness or disability benefits.
- 31 viii) The Armed Forces Covenant, which serves as a
32 promise by the nation that the Armed Forces community is
33 treated fairly, plays an important role but needs
34 strengthening.
- 35 Conference believes that:
- 36 a) The Armed Forces community – service personnel, veterans
37 and their families – have been taken for granted for too long
38 by the Government and deserve a fair deal.
- 39 b) It is shameful that service families are too frequently unable
40 to get basic support such as living in a decent home or
41 getting access to information, except through the member
42 of the family who serves.
- 43 c) It is unacceptable that the experience of women in the
44 armed forces and the challenges which many female
45 personnel face, such as sexual harassment and
46 discrimination, have not been properly addressed.
- 47 d) These factors taken together are serving to impact both
48 retention and recruitment for the Armed Forces.

Saturday 23 September cont.

49 e) The make-up of the UK Armed Forces is not reflective of the
50 diversity of British society, but it should better reflect
51 society.

52 Conference therefore calls on the UK Government to establish
53 a 'Fair Deal for Service Personnel, Veterans and Families'
54 Commission.

55 Conference further urges the Government to start bringing
56 about that Fair Deal by:

- 57 1. Strengthening the Armed Forces Covenant by placing a
58 legal duty on the Defence Secretary and government
59 departments to give due regard to the Armed Forces
60 Covenant.
- 61 2. Establishing a one-stop shop for families of service
62 personnel so they can easily access information, including
63 the publication of a guide and an accessible helpline.
- 64 3. Aiming to reach a deal with the EU on reciprocal access for
65 spousal employment for families of service personnel, as
66 part of the four-stage roadmap set out in policy paper 144,
67 *Rebuilding Trade and Cooperation with Europe*.
- 68 4. Improving the standard of MOD housing, including by
69 reviewing the contract with maintenance contractors and
70 introducing a minimum quality standard for Single Living
71 Accommodation.
- 72 5. Accepting the recommendations of the Atherton report.
- 73 6. Abolishing the arbitrary, complex Minimum Income
74 Requirement for spouse and partner visas, so that families,
75 including service personnel and their families, are not
76 forced to live apart.
- 77 7. Conducting a review of Armed Forces recruitment

Saturday 23 September cont.

- 78 processes, to ensure all possible steps are being taken to
79 improve diversity in the Forces.
- 80 8. Waiving application fees for indefinite leave for members of
81 families of Armed Forces personnel on discharge.
- 82 9. Instructing the Office of Veterans Affairs to launch an
83 inquiry into the impact of the cost of living crisis on the
84 Armed Forces community.
- 85 10. Ensuring that military compensation which is awarded
86 because of illness or injury does not count towards means
87 testing for benefits.
- 88 11. Supporting members of the Armed Forces community who
89 are unpaid carers, by increasing Carer's Allowance and
90 providing unpaid carers with greater rights in the workplace
91 and more broadly.
- 92 12. Cancelling the Conservative Government's cut to the
93 Army.

Applicability: Federal.

Mover: 7 minutes; summation of motion and mover and summation of any amendments: 4 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see see [pages 110–111](#).

The deadline for amendments to this motion, see [page 114](#), and for separate votes, see [page 102](#), is 13.00 Monday 11 September. Those selected for debate will be printed in Conference Extra and Saturday's Conference Daily.

F8 Bring Back the Industrial Strategy

10 members

Mover: Sarah Olney MP (Spokesperson for Treasury, Business and Industrial Strategy).

Summation: Lord Fox (Lords Spokesperson for Business and Industrial Strategy).

- 1 Conference believes that:
 - 2 a) An industrial strategy is essential for achieving strong and
 - 3 sustainable economic growth, which in turn will create good
 - 4 jobs, fund vital public services and build strong
 - 5 communities.
 - 6 b) An industrial strategy should create a purpose-driven
 - 7 partnership between Government and business with the
 - 8 aim of tackling the great economic and societal challenges
 - 9 of our time.
 - 10 c) A successful industrial strategy should coordinate policies
 - 11 across a range of key areas, such as skills, Research &
 - 12 Development (R&D), climate change, infrastructure,
 - 13 taxation, finance and trade.
- 14 Conference notes that:
 - 15 I. A range of generational challenges, including the legacy of
 - 16 the Covid-19 pandemic, the climate emergency, the energy

Saturday 23 September cont.

- 17 crisis, the Government's failed deal with Europe and
18 declining economic growth under the Conservatives make
19 the adoption of an industrial strategy more necessary than
20 ever.
- 21 II. Other major economies, including Germany, China, the
22 US and the EU have developed industrial policy responding
23 to these challenges.
- 24 III. The US Inflation Reduction Act, supply chain pressures
25 involving China, and EU plans to reshore manufacturing also
26 create a vital need for a UK industrial strategy.
- 27 IV. In contrast, this Conservative Government took the
28 ideological and damaging step of scrapping the UK's
29 industrial strategy in 2021 and disbanding the Industrial
30 Strategy Council oversight body.
- 31 V. Since 2016, the Conservative Party's muddled and
32 confused approach saw the business department
33 restructured twice and the Secretary of State changed
34 seven times, undermining stability and business
35 confidence.
- 36 VI. As a result of the Conservatives' economic failures, the
37 UK has experienced falling business investment, lower
38 productivity, skills shortages, gaping regional disparities
39 and anaemic growth.
- 40 Conference celebrates Liberal Democrat achievements on
41 industrial strategy in Government, including:
- 42 A. Unlocking vital investment by setting up the Green
43 Investment Bank, the British Business Bank and the Regional
44 Growth Fund.
- 45 B. Supporting manufacturing and SMEs, through the Business
46 Growth Service, the Manufacturing Advisory Service and the

Saturday 23 September cont.

- 47 Growth Accelerator Programme.
- 48 C. Bringing together business and academia to power regional
49 growth, by creating the Catapult centres, and creating two
50 million new apprenticeships.
- 51 Conference reaffirms Liberal Democrat commitments to:
- 52 i) Scrap business rates and replace them with a Commercial
53 Landowner Levy.
- 54 ii) Replace the broken apprenticeship levy with a broader and
55 more flexible skills and training levy.
- 56 iii) Follow the four-step roadmap towards rebuilding trade and
57 cooperation with Europe set out in policy paper 144,
58 *Rebuilding Trade and Cooperation with Europe*.
- 59 Conference therefore calls on the Government to:
- 60 a) Establish a comprehensive industrial strategy, in partnership
61 with business, civil society and academia, focused on key
62 economic and societal challenges.
- 63 b) Ensure that the principles of tackling the climate emergency;
64 boosting living standards; spreading prosperity everywhere
65 in the UK; and growing the economy are at the heart of the
66 industrial strategy.
- 67 c) Work towards four key business priorities: a positive
68 business climate; leveraging technology to supercharge the
69 green economy; empowering small businesses to create
70 prosperity in local communities, and boosting trade.
- 71 d) Enable businesses to achieve these priorities by taking
72 action in four key areas: enabling the workforce of tomorrow;
73 investing in key infrastructure; scaling digital innovation and

Saturday 23 September cont.

- 74 technology adoption; and creating financial markets that
75 work for all businesses.

76 Conference further calls on the Government to:

- 77 1. Rebuild business and investor confidence by committing to
78 fiscal responsibility, respect of international treaties, and the
79 creation of a stable business environment.

- 80 2. Effectively communicate the objectives and tools of the
81 industrial strategy to industry, to provide clear signals for
82 investment and business decisions.

- 83 3. Build an inclusive economy with broad access to training
84 and skills, by scrapping the lower ‘apprentice’s wage’ band
85 and boosting the take-up of apprenticeships.

- 86 4. Set up effective incentives for R&D investment,
87 decarbonisation, and the take-up of digital technologies,
88 especially among SMEs; and ensure that the UK’s regulatory,
89 R&D and tax frameworks are geared towards fostering
90 innovation.

- 91 5. Set up a plan for investment in key infrastructure to enable
92 the industrial strategy, covering areas including rail, building
93 insulation, the national grid and EV charging.

- 94 6. Create a thriving manufacturing sector by investing in the
95 skills of the future; promoting net-zero transport and energy
96 efficiency; harnessing affordable clean energy; and adopting
97 an ambitious international trade policy.

- 98 7. Power scale-up companies, especially outside of London
99 and the South East, using innovative ways of crowding-in
100 private sector investment, drawing from successful
101 international models such as the French Tibi scheme.

- 102 8. Reestablish the Industrial Strategy Council (ISC) and put it
103 on a statutory footing, to ensure vital oversight, monitoring

Saturday 23 September cont.

- 104 and evaluation of the industrial strategy for the long-term.
- 105 9. Explore new ways to improve interdepartmental work on
- 106 cross-cutting policies, such as giving the Cabinet Office
- 107 more powers to coordinate and implement industrial
- 108 strategy.

Applicability: Federal; except i) (lines 52–53), ‘and boosting the take-up of apprenticeships’ in 3. (line 85), and part of 5. (lines 91–93), which are England only.

F10 A Better Start in Life (Early Years Education and Childcare Policy Paper)

Federal Policy Committee

Mover: Munira Wilson MP (Spokesperson for Education, Children and Young People).

Summation: Cllr Dine Romero (Chair of the Policy Working Group).

- 1 Conference believes that flexible, affordable childcare and
- 2 early years education is a critical part of a liberal society and
- 3 contributes to economic performance because:
 - 4 i) It gives parents more choice over how to organise their
 - 5 lives and helps them return to work if they want to.
 - 6 ii) Lack of access to affordable childcare is a key driver of
 - 7 the gender pay gap.

Saturday 23 September cont.

- 8 iii) High-quality early years education is the best possible
9 investment in the future and the most effective way of
10 narrowing the gap between rich and poor children.
- 11 Conference also believes that:
- 12 A. Parents should also have greater flexibility and choice over
13 how to juggle work with parenting in the first months of their
14 child's life and many fathers would like to have more
15 involvement in directly caring for their children.
- 16 B. All parents, whether or not they wish to return to work or
17 spend more time raising their children, deserve more help.
- 18 Conference further believes that every child deserves access
19 to high-quality education, including children with young people
20 with Special Educational Needs and Disabilities (SEND), and
21 that early diagnosis is crucial.
- 22 Conference recalls that:
- 23 I. In Government, Liberal Democrats increased the number
24 free childcare hours for three- and four-year-olds,
25 introduced 15 hours a week of free early years education for
26 disadvantaged two-year-olds, and created the Early Years
27 Pupil Premium to give extra support to disadvantaged
28 three- and four-year-olds.
- 29 II. At the 2019 general election, Liberal Democrats called for
30 a properly-funded entitlement to free, high-quality childcare
31 for every child aged two to four and children aged between
32 nine and 24 months where their parents or guardians are in
33 work: 35 hours a week, 48 weeks a year.

Saturday 23 September cont.

34 Conference regrets that the funding promised by the
35 Conservatives for their 30 hour childcare proposal falls far
36 short of what it will actually cost to provide these hours or to
37 address the existing underfunding of early years provision, and
38 may exacerbate the problems parents already face: a lack of
39 nursery or childminder places and eye-watering fees for full-
40 time childcare.

41 Conference therefore endorses the vision for early years and
42 childcare set out in policy paper 152, *A Better Start in Life*, and
43 in particular welcomes its proposals to:

- 44 1. Move towards our vision of universal free high-quality
45 childcare and early years education by:
- 46 a) Fixing the problems with the Government's expansion
47 of free childcare, starting with a review of the rates
48 paid to providers to ensure they cover the actual
49 costs of delivering high-quality childcare and early
50 years education.
 - 51 b) Investing in high-quality early years education and
52 closing the attainment gap by giving disadvantaged
53 children aged two to four an extra five free hours a
54 week and tripling the Early Years Pupil Premium to
55 £1,000 a year.
 - 56 c) Developing a career strategy for nursery staff,
57 including a training programme with the majority of
58 those working with children aged two to four to have
59 a relevant Early Years qualification or be working
60 towards one.
 - 61 d) Restoring childminding as a valued part of the early
62 years system by replacing the three different current
63 registration processes with a single childcare register
64 and commissioning a practitioner-led review to

Saturday 23 September cont.

- 65 simplify regulation, reduce administrative burdens
- 66 and attract new childminders while maintaining high
- 67 standards.

- 68 e) Reaffirming our long-term commitment universal free
- 69 childcare as set out in our last election manifesto.

- 70 2. Achieve greater flexibility and choice for parents by:
- 71 a) Giving all families (including self-employed parents,
- 72 adoptive parents and kinship carers):
- 73 i) 6 weeks of use-it-or-lose-it leave for each parent, paid
- 74 at 90% of earnings.
- 75 ii) 46 weeks of parental leave to share between
- 76 themselves as they choose, paid at the level of the
- 77 minimum wage (double the current statutory rate).
- 78 b) Introducing paid neonatal care leave.
- 79 c) Paying an enhanced rate of Child Benefit for one-
- 80 year-olds.

- 81 3. Ensure every child with SEND has the support they need by:
- 82 a) Giving local authorities extra funding to halve the
- 83 amount that schools pay towards the cost of a child's
- 84 Education, Health and Care plan.
- 85 b) Introducing a National Body for SEND which will fund
- 86 the costs of very high needs over £25,000 a year.

Saturday 23 September cont.**F12 Restore Standards in Public Life**

10 members

Mover: Zöe Franklin.

Summation: Monica Harding.

- 1 Conference notes:
- 2 i) The deterioration of standards in public life under the
3 Conservatives.
- 4 ii) The resignation of Boris Johnson, who was subsequently
5 found to have deliberately misled Parliament by the
6 Privileges Committee, and Liz Truss, after the
7 Conservative Government crashed the economy.
- 8 iii) Rishi Sunak's promise on the steps of Downing Street to
9 govern with 'integrity, accountability and professionalism',
10 which was immediately followed by his decision to
11 appoint Suella Braverman, Dominic Raab, Gavin
12 Williamson and Nadhim Zahawi.
- 13 iv) That the seemingly endless stream of standards scandals
14 has not abated under Rishi Sunak – with three Cabinet
15 resignations over standards as well as a number of
16 Conservative MPs.
- 17 v) That the role of the Government Ethics Adviser was
18 vacant for six months and when the Prime Minister finally
19 made an appointment, he decided not to give them
20 powers to initiate investigations.
- 21 vi) That the Ministerial Register of Interests was not updated
22 for almost a year, despite a significant turnover of
23 Government Ministers, having the effect that
24 Government Ministers were subject to lower
25 transparency requirements than backbench MPs.

Saturday 23 September cont.

- 26 vii) The resignation of Richard Sharp, the Chair of the BBC,
27 after failing to declare his connection to a loan made to
28 Boris Johnson.
- 29 viii) That Rishi Sunak granted Boris Johnson honours to his
30 cronies, and failed to approve the Privileges Committee
31 report which found that Johnson had deliberately misled
32 Parliament.
- 33 Conference believes that:
- 34 A. Those in power must be held to account.
- 35 B. Rishi Sunak's promise to govern with 'integrity,
36 accountability and professionalism' has been
37 comprehensively trashed.
- 38 C. The Conservatives' seemingly endless standards
39 scandals are damaging trust in the UK's political system.
- 40 D. It is vital that standards in public life are restored.
- 41 Conference accordingly calls on the Government to:
- 42 1. Make the role of the Ethics Adviser truly independent by:
- 43 a) Empowering the Ethics Adviser so they can initiate
44 their own investigations, determine breaches and
45 publish their report.
- 46 b) Putting the role of the Ethics Adviser on a statutory
47 basis and giving Parliament the power to appoint the
48 Ethics Adviser.
- 49 2. Enshrine the Ministerial Code in legislation.
- 50 3. Introduce new rules to ensure that a Prime Minister must
51 have served for at least one year before becoming

Saturday 23 September cont.

- 52 eligible to access the Public Duty Cost Allowance fund of
 53 up to £115,000 per annum.
- 54 4. Ensure that Ministers receive annual training to prevent
 55 further standards scandals.
- 56 5. Establish a rigorous, transparent and independent
 57 process to appoint significant public roles, including
 58 the BBC Chair, involving a confirmatory vote by the
 59 relevant Parliamentary select committee.
- 60 6. Bring reporting standards for the Ministerial Register of
 61 Interests in line with the House of Commons Register of
 62 Members’ Interests, so that publication takes place more
 63 frequently.
- 64 7. Given the deficit of trust, restore confidence that the
 65 public have in politics by implementing fair votes via
 66 proportional representation.
- 67 Conference calls on the Prime Minister to apologise for
 68 Conservative standards scandals and recommit to the
 69 Nolan principles of public life.

F13 Ending Period Poverty

Saturday

Lambeth and Young Liberals

Mover: Rebecca Jones.

Summation: Cllr Donna Harris.

- 1 Conference notes that:
- 2 I. The average spend on sanitary products is £120 a year,
3 according to the charity Bloody Good Period.
- 4 II. A poll from Plan International reveals that over a quarter
5 (28%) of girls aged 14–21 in the UK are struggling to afford
6 period products, and nearly 1-in-5 (19%) report being
7 unable to afford period products at all since the start of
8 2022.
- 9 III. An ActionAid 2022 survey showed that of those who have
10 struggled to afford menstrual products in the last six
11 months, 75% said they had prioritised spending money on
12 food, 49% had prioritised gas/electric, and 31%
13 prioritised fuel.
- 14 IV. Nearly half (46%) of those who struggled to afford sanitary
15 products in the last six months kept sanitary pads or
16 tampons in for longer than recommended or used toilet
17 paper, and 10% doubled up their underwear; and women,
18 girls and others who menstruate are at risk of Toxic Shock

Saturday 23 September cont.

- 19 Syndrome (TSS) if they do not have access to clean period
20 products.
- 21 V. There is significant evidence of the widespread adverse
22 impact of periods on attendance in education and at work.
- 23 VI. Menstruation is not just a women’s issue, and also affects
24 some trans and non-binary people.
- 25 VII. Vulnerable people, such as asylum seekers, have particular
26 difficulty in accessing sanitary products. Three quarters of
27 such women interviewed by Women for Refugee Women
28 struggled to obtain period pads or tampons while
29 destitute.
- 30 VIII. The Scottish Parliament has enacted legal requirements in
31 the Period Products (Free Provision) (Scotland) Act 2021
32 to allow anyone who needs period products to receive
33 them free of charge; to have the power to make other
34 public bodies provide free period products; and for local
35 councils and education providers to make period
36 products freely available within their buildings.
- 37 IX. The Period Products Scheme for schools and colleges in
38 England has provided free period products to all state-
39 maintained schools and 16–19 education organisations in
40 England since 2020.
- 41 X. Many local authorities, including Liberal Democrat-
42 controlled Sutton Council, have committed to providing
43 sanitary products in council buildings but need long-term
44 funding from the UK Government to continue this support.
- 45 XI. The public health grant is used to provide vital services
46 that support health and it has been cut by 26% in real
47 terms per capita since 2015/16 (equivalent to a reduction
48 of £1bn).
- 49 XII. More than a quarter of women (26%) have experienced
50 negative comments about their periods.

Saturday 23 September cont.

51 XIII. Half (48%) of women and girls aged between 14 and 21 are
52 embarrassed by their periods, and 22% do not feel
53 comfortable discussing periods with their teachers.

54 Conference believes that:

55 A. Period products are a human right, not a luxury.

56 B. Nobody should experience period poverty.

57 C. England's current free period product provision is not fit
58 for purpose.

59 D. It is in everyone's interests for stigma around periods to
60 be addressed.

61 Conference reaffirms:

62 i) The Liberal Democrat commitment to expand the rollout
63 of free menstrual products to homeless shelters,
64 women's refuges, foodbanks, NHS GP surgeries, and
65 universities in England.

66 ii) The principle of equality of opportunity in which everyone
67 should expect a fair start in life and equal opportunities
68 throughout life.

69 Conference calls on the UK Government to:

70 a) Introduce a right for people in England to access a choice
71 of free period products.

72 b) Place a duty on local authorities and education providers
73 to make period products freely available in their buildings,
74 providing guidance and additional funding to support
75 them in doing so.

Saturday 23 September cont.

- 76 c) Give consideration as to how free period products can be
77 made available to groups who might face barriers to
78 accessing them, including people with disability, gypsy/
79 travellers, victims of domestic abuse, carers, asylum
80 seekers, refugees, homeless people, and people living in
81 remote locations.
- 82 d) Improve comprehensive education on periods for both
83 educators and young people, to ensure an appreciation
84 for the lived experience of menstruation, and a
85 widespread understanding of period products.
- 86 e) Reinstatement of the public health grant to a minimum real-terms
87 per capita equivalent of 2015 – the grant from which
88 these activities will be funded.

89 Conference further calls for:

- 90 1. Universities to develop action plans to tackle period
91 poverty and its stigma on campus.
- 92 2. Employers to voluntarily provide free period products in
93 the workplace.

F15 Making the Fight Against Climate Change Accessible

14 members

Mover: Charley Hasted.

Summation: To be announced.

- 1 Conference notes that:
 - 2 a) Single-use plastics used in Health and Social Care contexts
3 create millions of tonnes of plastic waste a year, much of
4 which will go to landfill or be incinerated.
 - 5 b) While there are some alternatives to single-use plastics in
6 equipment used for medical, social care and accessibility
7 equipment, many are unavailable, unaffordable or impractical
8 for many people.
 - 9 c) Many older and disabled people have experienced
10 difficulties with different climate change or pollution
11 prevention strategies such as the banning of plastic straws,
12 pedestrianisation, cycle lanes and LTNs, which often fail to
13 take their needs into account.
 - 14 d) Many transport alternatives to private cars remain
15 inaccessible or unaffordable for disabled and older people,
16 especially where they require adaptive or alternate
17 provision.

Sunday 24 September cont.

18 Conference believes that while there have been many
19 progressive steps in reducing climate change in recent years,
20 efforts to consider the specific needs of disabled and older
21 people have often been missed, leading to many disabled
22 people experiencing significant difficulty in supporting the
23 fight against climate change, or feeling excluded from society
24 by some measures.

25 Conference further believes that disabled and older people
26 deserve to have access to options which allow them to take a
27 full and equal part in the fight against climate change and in
28 society as a whole.

29 Conference therefore calls for:

- 30 1. The allocation of at least 3% of government research and
31 development funding on environmental and anti-climate
32 change to projects centred around bringing benefits and
33 change to the health and social care sectors and a further
34 2% to projects that will support disabled people to live more
35 environmentally friendly lives while maintaining their health
36 and independence (e.g. developing affordable
37 biodegradable or recyclable alternatives to commonly used
38 items such as gloves, packaging and incontinence pads).
- 39 2. Requirements on NHS trusts, care agencies, residential
40 facilities and local authorities to develop strategies to
41 reduce plastic use and increase the recycling of non-
42 biohazardous plastic waste.
- 43 3. Schemes aimed at increasing the uptake of environmentally
44 friendly transport options to provide accessible and
45 adaptable options (e.g. hand cycles and tricycles in cycle
46 salary sacrifice schemes).
- 47 4. Requirements on public transport and infrastructure

Sunday 24 September cont.

- 48 companies to make all their provision completely and
 49 independently accessible by 2027.
- 50 5. Requirements on central and local government initiatives
 51 focusing on reducing emissions and improving public
 52 transport and public spaces to work with disabled people in
 53 the planning and implementation stages of projects to
 54 mitigate any negative impact on disability communities.

Applicability: England only.

F16 Fixing Fast Fashion – Reduce, Reuse, Recycle

40 members

Mover: Eleanor Kelly.

Summation: Elsie Gisslegard.

- 1 Conference notes with concern that:

Sunday 24 September cont.

- 2 i) The fashion industry is responsible for 10% of greenhouse
3 gas emissions globally.
- 4 ii) The UK consumes more new clothing than any other
5 European country at 26.7kg per capita, with individuals
6 spending an average of £980 per year.
- 7 iii) Further environmental damage is caused by the fashion
8 industry, including:
 - 9 a) 20% of water pollution resulting from the textile dying
10 process, the second largest polluter of water globally.
 - 11 b) Microplastics from synthetic clothing contributing to
12 20–35% of primary source marine microplastics, with up
13 to 700,000 fibres released in a single 6kg domestic wash.
 - 14 c) A water footprint of eight billion cubic metres, from
15 clothing use in the UK.
- 16 iv) Fabric accounted for 800,000 tonnes of waste in the UK in
17 2016, a considerable increase from 700,000 tonnes in 2012.
- 18 v) Overall consumption of garments since the 1980s has
19 increased due to the ongoing decline in quality and
20 longevity driven by the fast fashion business model.
- 21 vi) Landfill and incineration, often in less economically
22 developed countries, is the endpoint of at least 64% of
23 garments globally, only 1% of garments are recycled into
24 new clothing.
- 25 vii) Modern slavery and unethical labour practices are
26 notoriously linked to the fashion industry both globally and
27 locally, including Shein employees being paid as little as
28 three pence per garment, and forced labour of the Uyghur
29 minority in China; there are also reports that garment
30 workers in UK production centres such as Leicester are
31 frequently paid below the minimum wage.

Sunday 24 September cont.

32 Conference believes that:

- 33 A. The fast fashion business model is inherently dependent on
34 exploitative environmental practices and human rights
35 abuses.
- 36 B. Everyone should have access to high quality clothing and
37 informed consumer choice upon purchase.
- 38 C. Everyone deserves fair wages and employment practices,
39 no matter where they live in the world.
- 40 D. Urgent action is needed to tackle the climate emergency,
41 including a shift towards circular economies.
- 42 E. Solutions to global crises require action on both the
43 national and local level.

44 Conference calls for:

- 45 1. The introduction of a 1p levy on new garments produced for
46 sale on the UK market, with the proceeds ringfenced for the
47 improvement and development of local recycling facilities
48 and collection.
- 49 2. A ban on the incineration or landfilling of used and new
50 textiles which can be reused or recycled.
- 51 3. The UK Government to incentivise the reuse and
52 repurposing of garments by offering favourable VAT rates to
53 resale shops and online platforms, rental services, and
54 tailoring and repair services.
- 55 4. Legislation obliging retailers to guarantee full traceability in
56 their supply chains, ensuring ethically sourced materials,
57 decent livelihoods, and safe working conditions, as well as
58 the introduction of 'joint liability' for subcontractors in the
59 fashion and fabric industry.

Sunday 24 September cont.

- 60 5. The UK Government to effectively enforce current
61 labour rights including compliance with minimum wage
62 requirements.
- 63 6. The cost of clothing to be explicitly considered in the
64 calculation of benefit rates.
- 65 7. Support for local clothes swapping initiatives, especially for
66 school uniforms and workwear.
- 67 8. Revision of the guidance on school uniform, emphasising
68 affordability and limiting the number of unique and branded
69 items.
- 70 9. Further research into design techniques that limit synthetic
71 fibre emissions, including investigation of the occupational
72 health risks associated with synthetic fibres, with quick
73 actions taken by the Health and Safety Executive based on
74 findings.
- 75 10. Government-led collaboration among fashion retailers,
76 water firms, and washing machine manufacturers to tackle
77 microfibre pollution, holding product-producing companies
78 ultimately responsible.
- 79 11. Extension of the proposed virgin plastics tax to textile
80 products containing less than 50% recycled PET, to
81 stimulate the UK market for recycled fibres.
- 82 12. Measures encouraging the adoption of sustainable fibre
83 production, with an emphasis on reducing the water
84 footprint.

- 1 Conference notes with concern that:
 - 2 A. The United Kingdom is lagging behind its peers when it
 - 3 comes to people's health – it is 29th in the Global obesity
 - 4 rankings, has the worst healthy life expectancy in Western
 - 5 Europe, and according to one study has the worst mental

 - 9 and 2022.

Sunday 24 September cont.

- 10 C. Health inequalities are on the rise – the life expectancy of a
 11 man in Kensington and Chelsea can now expect to live for
 12 27 years longer than a man in Blackpool.
- 13 D. Two-thirds of the adult UK population is overweight – the
 14 NHS spends a tenth of its entire budget on treating
 15 diabetes, and the proportion is rising year on year.
- 16 E. The public health grant has been cut by 26% on a real-
 17 terms per person basis since 2015/16.
- 18 F. Since the Covid-19 pandemic economic inactivity in the UK
 19 has increased by around 700,000 people to 2.5 million, with
 20 ill health being the main reason reported by people aged 50
 21 to 69.
- 22 G. Smoking, obesity and mental-health-related issues alone
 23 are estimated to cost the UK economy almost £200 billion
 24 per year.
- 25 H. More than 7 million people are currently waiting for
 26 treatment on the NHS, cancer wait times targets continue
 27 to be missed across the board, and demand for GP services
 28 continues to outstrip supply.
- 29 Conference believes that:
- 30 I. The UK should be one of the healthiest countries in the
 31 world.
- 32 II. Government should actively support its citizens to lead
 33 healthy lives by empowering individuals to improve their
 34 own health, creating healthier environments, and funding
 35 communities to decide how to better their health.
- 36 III. The Conservatives have squandered numerous
 37 opportunities to reform public health, and take easy steps
 38 to improve children's health in particular

Sunday 24 September cont.

- 39 IV. A key way to improve people's health and wellbeing,
40 alleviate the pressure on NHS services and to spend tax-
41 payers money more effectively, both now and in the future,
42 is to invest in prevention by expanding public health
43 initiatives and primary care.
- 44 Conference reaffirms commitments to:
- 45 a) Closing many of the loopholes that exist in the current
46 sugar levy and extending it to include juice- and milk-based
47 drinks that are high in added sugar.
- 48 b) Restricting how products high in fat, salt and sugar are
49 marketed and advertised by retailers.
- 50 c) Reducing smoking rates by introducing a new levy on
51 tobacco companies to contribute to the costs of healthcare
52 and smoking cessation services.
- 53 d) Reversing government cuts to public health grants.
- 54 e) Legislating for a right to clean air.
- 55 Conference calls for:
- 56 1. Improving the health of the nation to be the central driving
57 mission for this and the next government, with a shift in
58 focus to preventing ill health, tackling health inequalities,
59 adopting an 'invest to save' funding model and the creation
60 of a 'health creation' unit in the Cabinet Office to ensure
61 that all legislation maximises opportunities for improving
62 the nation's health.
- 63 2. The progressive restoration of the Public Health Grant to
64 2015 levels, with a proportion of these funds be set aside
65 for local communities experiencing the worst health
66 inequalities to co-produce plans on how the money should

Sunday 24 September cont.

67 be spent.

68 3. A concerted effort to improve children's health, including
69 an end to the sale of energy drinks to under 16s; adverts
70 promoting junk-food to only be allowed after 9pm to
71 ensure that they are less likely to be seen by children, and
72 for local authorities to be given the powers to limit the
73 location and number of junk-food advertising and
74 unhealthy food outlets in the vicinity of nurseries and
75 schools.

76 4. The launch of a government-backed nation-wide public
77 health campaign to get the country moving, encourage
78 exercise and strength training, and forming healthier habits,
79 backed by a dedicated bank holiday dedicated to healthier
80 lifestyles events nationwide.

81 5. Higher food standards in schools and hospitals so that
82 every child and patient is receiving a healthy and balanced
83 diet.

84 6. The halt of the dangerous use of vapes amongst children
85 and non-smokers by introducing tougher regulation on
86 vapes, such as standardised packaging, an end to toy-like
87 advertising targeted at children, a ban on the sale of single
88 use vapes, and the licensing of their sales, whilst
89 recognising their role in smoking cessation for adult.

90 7. Improved access to blood pressure tests in community
91 spaces, such as pharmacies, libraries, and job centres to
92 reach those who are less likely or able to seek health care
93 from their GP.

94 8. An expansion of social prescribing by sharing best practice
95 across the NHS and GPs, and investment in community
96 projects that bring people together to combat loneliness.

97 9. A new kite-mark for health apps and digital tools that are
98 clinically proven to help people lead healthier lives so
99 patients can take control of their own health.

Sunday 24 September cont.

100 10. A consultation on a new national designation of ‘critical
 101 health infrastructure’ to cover local authority swimming
 102 pools and leisure centres for example, to ensure that
 103 people’s access to affordable local health facilities is not
 104 overlooked in future national crises.

Applicability: England only; except a) (lines 45–47), c) (lines 50–52), ‘adverts promoting junk-food to only be allowed after 9pm to ensure that they are less likely to be seen by children’ in 3. (in lines 69–71) and 6. (lines 84–89), which are Federal.

F19 Investing in our Children's Future

11 members

Mover: Callum Robertson.

Summation: Munira Wilson MP (Spokesperson for Education, Children and Young People).

- 1 Conference believes that:
 - 2 I. Every child, no matter their background, can achieve great
 - 3 things; they deserve the best possible start in life, with
 - 4 schools that enable them to attain academic excellence.
 - 5 II. Education is the best investment we can make in our
 - 6 country's future.
 - 7 III. The Conservatives have consistently let down children and
 - 8 parents, neglected schools and colleges, and failed to
 - 9 grasp the scale of the pandemic's damage to children's
 - 10 learning and mental health.

- 11 Conference notes that:
 - 12 A. Schools are being forced to cut back on staff, school trips
 - 13 and IT equipment to manage rising costs.
 - 14 B. Since 2019, 39 schools have fully or partly closed because
 - 15 they were unsafe.
 - 16 C. The Pupil Premium has proved very effective at closing the
 - 17 attainment gap for pupils from disadvantaged backgrounds,
 - 18 but since 2015 the Conservatives have cut it by more than
 - 19 10% in real terms.
 - 20 D. 18% of children have a probable mental health disorder, yet
 - 21 government funding for mental health support teams for

Sunday 24 September cont.

22 schools ends next year.

23 E. 800,000 children in poverty are ineligible for free school
24 meals, and more than 200,000 eligible children are not
25 registered – meanwhile, the Conservatives have cut
26 funding for free school meals by 15% in real terms since
27 2015.

28 F. There is a crisis in teacher recruitment and retention,
29 leaving millions of secondary school pupils to be taught by
30 someone who isn't a specialist teacher in their subject.

31 G. Employers are losing faith in England's exam system and
32 using their own assessments instead.

33 H. The death of a headteacher in Reading tragically
34 underscored the high-stakes nature of Ofsted inspections,
35 which places teachers and school leaders under enormous
36 strain.

37 I. Participation in extra-curricular activities improves school
38 attendance and exam performance, and helps children to
39 develop valuable skills such as creativity and teamwork.

40 J. Parental engagement in children's education can have a big,
41 positive impact on attainment.

42 K. Only half of children with complex special educational
43 needs and disabilities (SEND) receive an Education, Health
44 and Care (EHC) plan within the 20-week limit, and 96% of
45 SEND Tribunal cases are decided in the parents' favour.

46 L. The number of pupils in local authority-funded alternative
47 provision (AP) settings has increased by 79% over the last
48 five years, and there are now 6,800 AP placements with
49 unregistered providers.

50 Conference calls on the Government to:

Sunday 24 September cont.

- 51 1. Invest in education by:
 - 52 a) Increasing school and college funding per pupil
 - 53 above the rate of inflation every year.
 - 54 b) Ending the scandal of crumbling school and college
 - 55 buildings by investing in new buildings and clearing
 - 56 the backlog of repairs.
 - 57 c) Reversing Conservative cuts to the Pupil Premium
 - 58 and free school meals, and introducing a Young
 - 59 People’s Premium for those aged 16–18.

- 60 2. Ensure that children are healthy, happy and ready to learn
 - 61 by:
 - 62 a) Putting a dedicated, qualified mental health
 - 63 professional in every school.
 - 64 b) Extending free school meals to all children in primary
 - 65 education and all secondary school children whose
 - 66 families receive Universal Credit, and automatically
 - 67 enrolling eligible children.
 - 68 c) Addressing the underfunding and neglect of
 - 69 children’s mental health services, youth services and
 - 70 youth justice services, so that less of the burden falls
 - 71 on schools.

- 72 3. Tackle the crisis in teacher recruitment and retention by:
 - 73 a) Creating a teacher workforce strategy to ensure that
 - 74 every secondary school child is taught by a specialist
 - 75 teacher in their subject.
 - 76 b) Reforming the School Teachers’ Review Body to make
 - 77 it properly independent of Government and able to
 - 78 recommend fair pay rises for teachers, and fully
 - 79 funding those rises every year.

Sunday 24 September cont.

- 80 c) Funding teacher training properly so that all trainee
81 posts in school are paid.
- 82 d) Introducing a clear and properly funded programme
83 of high-quality professional development for all
84 teachers, including training on effective parental
85 engagement.
- 86 4. Urgently establish a standing commission to build a long-
87 term consensus across parties and teachers to broaden the
88 curriculum and make qualifications at 16 and 18 fit for the
89 21st century, drawing on best practice such as the
90 International Baccalaureate.
- 91 5. Implement root-and-branch reform of school inspections,
92 to make Ofsted trusted by parents and a critical friend to
93 schools, by:
- 94 a) Replacing single-grade judgements with report cards
95 that show parents the true strengths and weaknesses
96 of each school.
- 97 b) Ensuring that inspections deliver a complete
98 evaluation of the whole school, including attainment,
99 discipline, curriculum breadth, teacher workload,
100 provision for children with SEND and mental ill health,
101 and suitability of the workforce to deliver the
102 curriculum.
- 103 c) Introducing annual safeguarding and financial check-
104 ups, separate to Ofsted, to ensure consistent good
105 governance.
- 106 d) Requiring Ofsted to work with schools, providing the
107 guidance and support they need to improve, rather
108 than simply changing governance.

Sunday 24 September Cont.

- 109 6. Expand provision of extra-curricular activities, such as
110 sport, music, drama, debating and coding, starting with a
111 new free entitlement for disadvantaged children.
- 112 7. Implement a new parental engagement strategy, including a
113 regular, published parent survey and guidance for schools
114 on providing accessible information to parents on what
115 their children are learning.
- 116 8. Tackle the crisis in SEND funding by:
- 117 a) Giving local authorities extra funding to halve the
118 amount that schools pay towards the cost of a child's
119 EHC plan.
- 120 b) Establishing a National Body for SEND to fund
121 support for children with high needs.
- 122 9. Require all AP settings to be registered.
- 123 10. Support the education of children in care, extend Pupil
124 Premium Plus funding to children in kinship care, and
125 guarantee any child taken into care a school place within
126 three weeks, if required to move schools.

Sunday 24 September cont.

1 Conference applauds the remarkable decency and strength of
2 people across the United Kingdom, from all backgrounds and
3 all walks of life: working hard, raising families, helping others
4 and playing by the rules, even in very tough times.

5 Conference reaffirms that the Liberal Democrats exist to build
6 and safeguard a fair, free and open society, welcomes the
7 enormous strides that Britain has taken towards that goal over
8 the centuries, and celebrates the role that Liberals and Liberal
9 Democrats have played in leading that change.

10 However, Conference believes that, after years of Conservative
11 neglect, the social contract – or fair deal – between people
12 and government has been shattered.

13 Conference condemns the out-of-touch Conservative
14 Government for letting the British people down and taking
15 them for granted, and in particular for:

- 16 I. Failing to help struggling families and pensioners in the
17 face of the biggest cost-of-living crisis since the 1950s,
18 and instead making it worse by badly mismanaging the
19 economy and recklessly damaging the public finances.
- 20 II. Plunging the NHS into crisis, running local health services
21 into the ground and putting people, buildings and beds
22 under immense pressure, and breaking their promise to fix
23 the crisis in social care.
- 24 III. Neglecting education and failing to grasp the scale of the
25 damage that the Covid pandemic has done to children's
26 learning and mental health.
- 27 IV. Damaging our natural environment, failing to bring forward
28 credible plans to tackle climate change, and allowing water

Sunday 24 September cont.

- 29 companies to pump raw sewage into rivers, lakes and
- 30 coastal areas.
- 31 V. Failing even to get the basics right on crime and policing,
- 32 allowing far too many criminals to get away with it.
- 33 VI. Failing to stand up to hatred and prejudice or tackle
- 34 entrenched inequalities, and repeatedly undermining
- 35 fundamental British rights and freedoms.
- 36 VII. Creating a crisis for democracy with their cronyism, rule-
- 37 breaking and constant sleaze scandals.
- 38 VIII. Damaging British families and businesses with their
- 39 botched deal with Europe, and undermining the UK's
- 40 international reputation by threatening to break
- 41 international law, slashing the international development
- 42 budget and trashing our relations with our allies.
- 43 Conference also condemns the Labour Party for failing to offer
- 44 an ambitious vision for the country or long-term solutions to
- 45 the challenges we face, and the SNP for its record of failure,
- 46 chaos and division in Scotland.
- 47 Conference decries the UK's political system as fundamentally
- 48 broken – millions of people feel powerless and excluded,
- 49 robbed of their rightful say and unable to hold the powerful to
- 50 account.
- 51 Conference believes that the British people deserve a fair deal
- 52 that gives everyone the power to make the most of their
- 53 potential and real freedom to decide how they live their lives.
- 54 Conference calls for a fair deal with five key themes:
- 55 A. A fair, prosperous and innovative economy that promotes

Sunday

Sunday 24 September cont.

- 56 opportunity and wellbeing.
- 57 B. Fair access to good public services and a strong social
58 safety net.
- 59 C. A flourishing environment, with fair access to nature for all.
- 60 D. A strong United Kingdom and a fair international order.
- 61 E. A truly fair democracy, where everyone's rights are
62 respected and individuals and communities are
63 empowered.
- 64 Conference therefore endorses policy paper 153, *For A Fair*
65 *Deal*, as the basis for constructing the party's manifesto for the
66 next general election, and welcomes its key commitments to:
- 67 1. Invest in renewable power and home insulation, to drive a
68 strong economic recovery, bring down energy bills and
69 create clean, secure, well-paid new jobs.
- 70 2. Give everyone a new right to see their GP within seven
71 days, or 24 hours if it's urgent, with the extra doctors
72 needed to make it happen.
- 73 3. Hold big companies to account by giving them a duty to
74 protect the environment, including banning water
75 companies from dumping raw sewage into rivers, lakes
76 and coastal areas.
- 77 4. Immediately fix our broken relationship with Europe, forge
78 a new partnership built on cooperation, not confrontation,
79 and move to conclude a new comprehensive agreement
80 which removes as many barriers to trade as possible.
- 81 5. Introduce proportional representation for electing MPs,
82 and local councillors in England.
- 83 6. Build a strong, fair economy that benefits everyone in the
84 UK, through investment in infrastructure, innovation and

Sunday 24 September cont.

- 85 skills, fair taxes and responsible management of the public
- 86 finances.
- 87 7. Ensure that everyone can get the care they need by
- 88 recruiting, training and retaining more doctors and nurses,
- 89 reforming NHS dentistry, and fixing the crisis in social care.
- 90 8. Invest in education, from early years throughout adulthood,
- 91 and give every child the support and attention they need
- 92 to flourish at school.
- 93 9. Repair the broken benefits safety net and set a target of
- 94 ending deep poverty within a decade.
- 95 10. Restore proper community policing, where officers are
- 96 visible, trusted and focused on preventing and solving
- 97 crimes.
- 98 11. Mend our broken politics by strengthening democratic
- 99 rights and participation and ensuring that Ministers are
- 100 held to account for corruption and sleaze.
- 101 12. Empower local communities and regions to take the action
- 102 they need to improve their areas and ensure that everyone
- 103 has access to housing that meets their needs.
- 104 13. Champion the freedom, dignity and well-being of every
- 105 individual, and resist any attempts to weaken or repeal the
- 106 UK's Human Rights Act.
- 107 14. Ensure that the UK stands tall on the world stage,
- 108 championing the values of equality, democracy, human
- 109 rights and the rule of law, restoring the UK's reputation as
- 110 an international development superpower, and fixing the
- 111 UK's broken relationship with Europe following the four-
- 112 step roadmap set out in policy paper 144, *Rebuilding Trade*
- 113 *and Cooperation with Europe*.

F25 Protecting our Neighbourhoods: A Return to Community Policing

11 members

Mover: Caroline Pidgeon MBE AM.

Summation: Cllr Paul Kohler.

- 1 Conference believes that:
 - 2 i) Everyone deserves to feel safe in their own home and
3 walking down their own streets.
 - 4 ii) High rates of unsolved crimes embolden criminals, making
5 them feel like they can get away with it.
 - 6 iii) Public trust in the police is essential for policing by consent,
7 and feeling confident that the police will respond to and
8 properly investigate local crime is key for building that
9 trust.
- 10 Conference notes with grave concern that under the
11 Conservative Government, police resources have not been
12 used effectively – and as a result, frontline policing across the
13 country has been left over-stretched, under-resourced, and
14 unable to properly focus on local crime.
- 15 Conference further notes that:

Sunday 24 September cont.

- 16 a) An average of 5,700 crimes went unsolved across England
17 and Wales every day in 2022, with only 5.6% of crimes
18 leading to a suspect being charged or summoned.
- 19 b) The vast majority of burglaries go unsolved, while more than
20 45,000 burglaries were not even attended by an officer last
21 year.
- 22 c) 56% of people reported to never see police on foot patrols
23 in their neighbourhoods as of February 2023, despite the
24 Government achieving the 20,000 officer uplift.
- 25 d) As of 2022, only 12% of officers across England and Wales
26 were assigned to frontline neighbourhood police teams.
- 27 e) More than 4,000 Police Community Support Officers
28 (PCSOs) have been taken off the streets by the
29 Conservative Government since 2015.
- 30 f) Over £100 million has been spent to run Police and Crime
31 Commissioners' offices since 2019, despite little evidence
32 they have made the police more accountable to local
33 communities.
- 34 g) A recent report from His Majesty's Inspectorate of
35 Constabulary and Fire & Rescue Services (HMICFRS)
36 highlighted that police services are overwhelmed and
37 under-equipped to deal with digital forensics.
- 38 h) Revelations uncovered by the Baroness Casey report,
39 difficult to implement and draconian new anti-protest laws,
40 as well as statistics on minority ethnic communities being
41 disproportionately targeted by police stop and searches,
42 have understandably eroded public trust in the police.

43 Conference therefore calls on the Government to:

- 44 1. Enable and encourage local forces to restore proper
45 community policing, where officers have the time and

Sunday 24 September cont.

- 46 resources they need to focus on preventing and solving
- 47 crime.
- 48 2. Work with police services to determine what tasks are
- 49 using disproportionate amounts of police officers’ time,
- 50 and how those processes could be streamlined so that
- 51 police can spend more time in their communities.
- 52 3. Set up a new national Online Crime Agency, to better
- 53 protect people from online crime while freeing up local
- 54 forces’ time to tackle local crime.
- 55 4. Create a new statutory guarantee that all burglaries will be
- 56 attended by the police and properly investigated.
- 57 5. Scrap Police and Crime Commissioners and replace them
- 58 with Police Boards – made up of local councillors and
- 59 representatives from relevant local groups – while
- 60 investing the savings in frontline policing instead.
- 61 6. Urgently draw up a national recruitment, training and
- 62 retention strategy to tackle the shortage of detectives.
- 63 7. Require the Home Secretary, the Mayor of London and the
- 64 Metropolitan Police Commissioner to draw up an urgent
- 65 plan to implement the recommendations of the Baroness
- 66 Casey Review including on revamping vetting and
- 67 misconduct procedures, while encouraging other police
- 68 forces to implement those recommendations where
- 69 appropriate.
- 70 8. Help rebuild public trust in policing by ending the
- 71 disproportionate use of Stop and Search, repealing the
- 72 Public Order Act 2023 and improving access to restorative
- 73 justice services.
- 74 9. Introduce mandatory training for police in understanding
- 75 the impact of trauma on victims of violence against women
- 76 and girls, so that victims can be better supported and
- 77 women’s trust in the police can start to be rebuilt.

Sunday 24 September cont.

78 10. Make youth diversion a statutory duty so that every part of
 79 the country has a pre-charge diversion scheme for young
 80 people up to the age of 25, ensuring better outcomes for
 81 young people and less strain on police resources.

F26 Standing order amendment: Limiting the Number of Constitutional Amendments and Standing Order Amendments that can be Discussed at Any One Conference

Federal Conference Committee

Mover: Duncan Brack.

Summation: Cllr Nick da Costa (Chair, FCC).

1 Conference notes that:

Sunday 24 September cont.

- 2 A. Under current standing orders, Federal Conference
3 Committee is required to place on the agenda constitutional
4 and standing orders amendments that are in order under
5 the criteria listed in standing order 4.3.
- 6 B. Accordingly, significant amounts of time may have to be
7 dedicated to debates on these matters regardless of the
8 impact on other conference business.
- 9 Conference believes that while it is essential that party
10 members are always able to propose amendments to the
11 constitution or standing orders, it would be desirable to limit
12 the amount of time that can be spent on them in any one
13 conference.
- 14 Conference therefore agrees to the following amendments to
15 standing order 4.3 (Motions for the amendment of the
16 constitution or standing orders):
- 17 1. *In (b), delete ‘rejected’ and insert ‘selected for debate’.*
- 18 2. *Add at end: ‘The Committee may decide to select no more
19 than two constitutional or standing orders amendments for
20 an autumn conference, and one for a spring conference.
21 Where more than this number of constitutional or standing
22 orders amendments have been submitted and determined
23 to be in order, the Committee shall choose which to select.’*

The existing text of Conference standing orders is printed in this Agenda at pages 116–127.

Applicability: Federal.

F27 Connecting Communities: Building a Transport Network Fit for the 21st Century

10 members

Mover: Wera Hobhouse MP (Spokesperson for Energy, Climate Change and Transport).

Summation: Baroness Randerson (Lords Spokesperson for Transport).

Monday 25 September cont.

- 1 Conference notes with concern that:
 - 2 A. Road transport contributes the greatest proportion of UK
3 emissions (24%).
 - 4 B. Bus fares across England have risen by 89% since 2005,
5 while rail fares rose by 3.8% in 2022 and 5.9% in 2023 – the
6 biggest rise since 2012, meanwhile fuel duty has been
7 frozen since 2010 and air passenger duty has been cut on
8 internal flights.
 - 9 C. The government is committed to spending £24 billion on
10 new roads.
 - 11 D. Almost a quarter of bus routes have been cut in the last ten
12 years outside London, while rail passenger levels have only
13 just recovered to their pre-pandemic levels.
 - 14 E. Despite promises to establish Great British Railways (GBR)
15 to manage the railway's day-to-day operation the
16 government is dragging its feet.
 - 17 F. Rail electrification is at a standstill, with just 101 miles (162.5
18 km) of track due to be electrified this year with new lines
19 such East-West Rail not being electrified as standard.
 - 20 G. The government does not have a plan to replace the
21 revenue from fuel taxes as more people buy electric
22 vehicles.
- 23 Conference believes that:
 - 24 i) Buses are one of the most accessible and affordable
25 modes of public transport and are often relied upon by the
26 very poorest as well as the old and the young.
 - 27 ii) Providing bus and rail links boosts local economies and
28 enables people to access a wider range of local services.

Monday 25 September cont.

29 iii) Buses are the easiest form of public transport to introduce,
30 improve and expand because they require minimal
31 infrastructure investment, especially when compared to
32 trains or trams.

33 iv) Rapidly improving bus and rail services is essential if the UK
34 is to reduce CO₂ emissions and cut air pollution, but
35 decarbonisation is happening far too slowly.

36 v) The railways should be a green and environmentally friendly
37 option for passengers and freight.

38 vi) The rail ticketing system is outdated and does not reflect
39 the needs of passengers in the 21st century.

40 Conference reaffirms pledges in the Liberal Democrat 2019
41 manifesto to:

42 a) Give new powers and funding to local authorities and
43 communities to improve transport in their areas, including
44 the ability to introduce network-wide ticketing, as in
45 London.

46 b) Support rural bus services and encourage alternatives to
47 conventional bus services where they are not viable.

48 c) Fix the railway's broken fares and ticketing system so that it
49 provides better value for money.

50 d) Improve the experience of people who rely on the railways
51 for work by investing in commuter routes and the
52 integration of rail, bus and cycle routes and improve
53 disabled access to public transport via the Access for All
54 programme.

55 e) Be far more proactive in sanctioning and ultimately sacking
56 train operators if they fail to provide a high-quality public
57 service to their customers.

Monday 25 September cont.

58 Conference calls on the Government to:

- 59 1. Temporarily maintain the £2 cap on bus fares while fares
60 are reviewed, including ensuring that bus operators and
61 local authorities are not left out of pocket from bus fares,
62 reviewing reimbursement rates for concessionary fares
63 and that all fare revenue is reinvested in bus services.
- 64 2. Freeze rail fares until the end of the next parliament and
65 introduce new incentive schemes to encourage people to
66 travel by rail.
- 67 3. Give all local authorities greater powers and resources to
68 franchise bus services and simplify the franchise
69 application system and reverse the ban on local authorities
70 setting up their own bus companies.
- 71 4. Extend half-fares on buses and trains to 18 year-olds,
72 allowing them to continue receiving half-fares while still in
73 full time education.
- 74 5. Introduce a 'Young Person's Buscard', similar to the Young
75 Person's Railcard, for 19 to 25 year olds giving them a third
76 off bus fares.
- 77 6. Support the development of innovative rural schemes for
78 bus services.
- 79 7. Urgently establish the new Great British Railways before
80 the next election to act as a "guiding mind" for the railway,
81 ensuring that the needs of passengers and freight are put
82 first, while abolishing the rail regulator.
- 83 8. Ensure that new rail timetables are focused on passenger
84 needs rather than the interests of the rail operating
85 company, with an emphasis on connectivity between buses
86 and trains.
- 87 9. Establish a ten-year plan for rail electrification to increase
88 the number of passenger journeys covered by electric

Monday 25 September cont.

- 89 trains prioritising freight routes in the first five years to
90 move more freight to rail.
- 91 10. Ensure all new railway lines are electrified as standard,
92 including East West Rail.
- 93 11. Redirect the £24 billion road building budget towards
94 investing in public transport and funding councils to
95 maintain existing roads, including repairing potholes.
- 96 12. Reverse the government cuts to the active travel budget
97 and introduce a nationwide strategy to promote walking
98 and cycling, including the creation of dedicated safe
99 cycling lanes.
- 100 13. Explore a new system to replace revenue from fuel duty
101 which is fair and based on how often people drive, while
102 recognising the needs of rural and remote communities.

F28 Food and Farming (Food and Farming Policy Paper)

Federal Policy Committee

Mover: Tim Farron MP (Spokesperson for Environment, Food and Rural Affairs).

Summation: Stuart Roberts (Chair of the Policy Working Group).

- 1 Conferences believes that:
 - 2 I. It is a national disgrace that anyone is living in food poverty
3 in the UK.
 - 4 II. Farming, fishing and rural communities have been let down
5 and taken for granted by the Conservatives and deserve
6 better.
 - 7 III. The current global food system is failing to serve the
8 interests and needs of citizens, food producers, the
9 environment and our climate.
 - 10 IV. The UK's food security needs to be strengthened, with
11 more sustainable domestic produce and reliable and
12 trusted trading partners abroad.
 - 13 V. There is no trade off between the environment and food
14 production, both can work together in harmony with the
15 right investment and support.
 - 16 VI. A fair deal is needed for the UK's food system, which works
17 for the natural environment, our climate consumers and
18 producers.

Monday 25 September cont.

19 Conference notes a string of Conservative failures on food and
20 farming, particularly:

- 21 A. The dramatic rise in food poverty over the past decade,
22 especially among children.
- 23 B. Their botched deal with Europe, that has strangled trade and
24 investment in food, farming and fishing.
- 25 C. Trade agreements with Australia and New Zealand, which
26 have undermined both UK standards and the farmers who
27 adhere to them.
- 28 D. Their poor implementation of the Environmental Land
29 Management schemes (ELMs) which has undermined
30 farmers confidence in the future and undermined our
31 natural environment.
- 32 E. A series of failed immigration policies have deprived farmers
33 and fishers of hard working and skilled labour.
- 34 F. The dramatic rise in food prices since 2022, made worse by
35 the Conservatives' incompetent handling of the economy.

36 Conference also notes that in Scotland and Wales the SNP and
37 the Labour Party have also let down our farmers and fishers,
38 failing to use the powers of the devolved assemblies to
39 properly support Scottish and Welsh fishers, farmers,
40 producers, processors and crofters.

41 Conference therefore endorses policy paper 154, *Food and*
42 *Farming*, and its proposals for a comprehensive National Food
43 Strategy, in particular:

- 44 1. End food poverty, and particularly child food poverty, within a
45 decade by:

Monday 25 September cont.

- 46 a) Ending deep financial poverty, as set out in policy
47 paper 150, *Towards a Fairer Society*.
- 48 b) Extending free school meals to all children in primary
49 education and to all secondary school children whose
50 families receive Universal Credit, and automatically
51 enrolling eligible children and funding schools
52 properly to pay for this.
- 53 c) Introducing a holistic and comprehensive strategy to
54 provide everyone with nutritious and healthy food,
55 through better education, industry reformulation and
56 reforms to advertising.
- 57 2. Provide a fair deal for farmers and saving our natural
58 environment by:
 - 59 a) Immediately raising the ELM budget by £1bn, so that
60 farmers are properly rewarded and supported to
61 transition to environmentally sustainable farming.
 - 62 b) Fully funding and resourcing the Agricultural
63 Development & Advisory Service (ADAS) so that it
64 can provide all farmers with the support and training
65 they need.
 - 66 c) Introducing a range of other public money for public
67 goods programmes, contingent on farmers and land
68 managers opting in to an ELM scheme.
 - 69 d) Introducing a comprehensive plan to tackle
70 antimicrobial resistance in farm animals.
 - 71 e) Introducing a new Land and Sea Use Framework, to
72 strategically manage our natural resources as set out
73 in policy paper 155, *Tackling the Nature Crisis*.
- 74 3. Strengthen UK food security and tackling food price rises
75 by:

Monday

Monday 25 September cont.

- 76 a) Introducing a proper visa and seasonal worker system
 77 which allows our farmers and fishers to get access to
 78 the workforce they need.
- 79 b) Sustainably increasing domestic food production by
 80 providing our farmers with investment, training and
 81 support.
- 82 c) Working with and rewarding farmers to reduce the
 83 use of costly imported and environmentally harmful
 84 artificial fertilisers and pesticides.
- 85 d) Developing a comprehensive land use and
 86 horticulture strategy to effectively manage the
 87 competing demands on land.
- 88 4. Allow our farmers and fishers to trade freely with Europe and
 89 tackle food price rises by:
- 90 a) Signing a veterinary and phytosanitary agreement
 91 with the EU as soon as possible.
- 92 b) Mutual recognition and alignment on standards and
 93 quality.
- 94 c) Rebuilding trust and cooperation with Europe by
 95 following the four-stage roadmap as set out in policy
 96 paper 144, *Rebuilding Trade and Cooperation with*
 97 *Europe*.
- 98 5. Prevent the undercutting of UK farmers and fishers in
 99 international trade deals by:
- 100 a) Mandating proper democratic scrutiny and
 101 accountability in trade deals.
- 102 b) Ensuring all imports meet UK environmental, climate
 103 and animal welfare standards.
- 104 c) Renegotiating the Australia and New Zealand Free

Monday 25 September cont.

- 105 Trade Agreements so that farmers get a fair deal and
 106 ensuring that in our future deals, UK standards are
 107 upheld.
- 108 6. Put the world’s food system on a sustainable footing by
 109 restoring the International Development budget and using
 110 the money to invest and support sustainable farming
 111 overseas.
- 112 7. Put the UK at the forefront of food and farming innovation by
 113 introducing a Research and Innovation Fund to support new
 114 and emerging technologies in the sector.
- 115 8. Give everyone confidence in the security and safety of the
 116 food they buy by:
- 117 a) Providing local authorities with greater powers and
 118 resources to inspect and monitor food production.
- 119 b) Ensuring all food meets UK standards for health, and
 120 ensure goods are properly checked where
 121 necessary.
- 122 c) Introducing robust and clear to understand food
 123 labelling.

Applicability: England only; except 3. a) (lines 76–78) and 4., 5. and 6. (lines 88–111), which are Federal.

F30 Scrap the Voter ID Scheme

10 members

Mover: Helen Morgan MP (Spokesperson for Housing, Communities and Local Government).

Summation: Baroness Pinnock (Lords Spokesperson for Housing, Communities and Local Government).

- 1 Conference notes that:
 - 2 A. The Conservative Government has introduced a new law
3 requiring voters to show photo ID in order to vote in:
 - 4 ii) General elections, parliamentary by-elections and
5 recall petitions across the UK.
 - 6 iii) Local elections and referendums in England.
 - 7 iv) Police and Crime Commissioner elections in England
8 and Wales.
 - 9 B. The crime of personation – pretending to be someone else
10 in order to vote – is incredibly rare: in the May 2022
11 elections, there were just seven allegations of personation in
12 polling stations and in none of those cases was there
13 enough evidence for further action by the police.
 - 14 C. The Cabinet Office estimates that implementing the voter ID
15 scheme will cost the taxpayer approximately £120 million
16 over the next decade.
 - 17 D. Jacob Rees-Mogg, who was a Cabinet Minister when the
18 voter ID law was introduced, has described it as an attempt
19 to “gerrymander” elections in the Conservatives’ favour.

Monday 25 September cont.

- 20 E. The Electoral Commission’s analysis of the May 2023 local
21 elections – the first elections with the voter ID law in force –
22 found that:
- 23 i) At least 0.25% of people who tried to vote
24 (approximately 14,000 people) were denied a vote
25 because they could not show an accepted form of ID; in a
26 general election that would be the equivalent of around
27 80,000 people.
- 28 ii) Around 4% of all non-voters said they didn’t vote
29 because of the voter ID requirement.

30 Conference believes that the Conservatives’ voter ID scheme
31 is expensive, unnecessary and undemocratic, robbing
32 thousands of people of their right to vote in elections and hold
33 those in power to account.

34 Conference further notes that:

35 1. The Liberal Democrats in both the House of Commons and
36 the Lords consistently led opposition to the introduction of
37 the voter ID law.

38 2. Helen Morgan MP has tabled the Elections (Voter
39 Identification Requirements) Bill, which would scrap the
40 voter ID scheme.

41 Conference calls on the Government to repeal the voter ID
42 law by supporting Helen Morgan’s Bill and making
43 government time available for it to pass both Houses of
44 Parliament as soon as possible.

Applicability: Federal.

F31 Tackling the Housing Crisis (Homes and Planning Policy Paper)

Federal Policy Committee

Mover: Helen Morgan MP (Spokesperson for Housing, Communities and Local Government).

Summation: Cllr Peter Thornton (Chair of the Policy Working Group).

- 1 Conference believes that:
 - 2 I. England's housing market is profoundly unfair, with a secure
 - 3 home become increasingly impossible for millions of
 - 4 people, especially the young, less well-off and ethnic
 - 5 minorities.

Monday 25 September cont.

- 6 II. Successive governments have pursued policies to benefit
7 homeowners, without considering the impact on those
8 without property.
- 9 III. A secure home is a fundamental right that all people should
10 have.
- 11 IV. A fair deal is needed for housing, which provides for the
12 needs of everyone, not just homeowners and meets the
13 aspirations of millions of younger people and the less well-
14 off to have the security that older generations and the
15 wealthy enjoy.
- 16 Conference condemns a string of Conservative failures on
17 housing, which has created England's housing crisis, including:
- 18 A. The 2015 promise to build 200,000 starter homes by 2020,
19 none of which were built.
- 20 B. The failure to build replacement council houses for those
21 lost under Right to Buy.
- 22 C. Only 21 of the 59 recommendations of the Grenfell Inquiry
23 have been incorporated into the law and the delayed
24 decision over cladding, which has left millions of people in
25 mental anguish and uncertain finances unnecessarily.
- 26 D. Conservative MPs voting against proposals to ensure that
27 rental properties are 'fit for human habitation' in 2017.
- 28 E. 'Help to Buy', condemned by the IMF, Mervyn King, the
29 Institute of Directors and the Office for Budget
30 Responsibility as ineffective and costing £21bn by Q2 2021.
- 31 F. The proposed introduction of Right to Buy for housing
32 association properties, which would further reduce the
33 availability of social housing.

Monday 25 September cont.

- 34 G. The promised reform of leasehold rules, which have failed
35 to materialise
- 36 H. The promised abolition of unfair evictions in 2019 which is
37 yet to be delivered.
- 38 Conference calls for a Fair Deal for housing, one which meets
39 the aspirations of young people to own a home, provides
40 affordable and secure social housing for the less well off, gives
41 those in the private rental sector the stability and security that
42 they need to live fulfilling lives and helps the UK meet its
43 climate change goals.
- 44 Conference believes that a national housing target for private
45 sector homes will not deliver this Fair Deal, as:
- 46 i) The quantity, location, tenure and size of homes built by the
47 private sector will be determined by market conditions and
48 profitability to developers, not the needs of the population.
- 49 ii) There are significant regional and local variations in housing
50 problems and prices, which a one size-fits-all approach
51 would not resolve.
- 52 iii) There is no incentive built into targets for developers to use
53 Modern Methods of Construction, but the building of
54 380,000 homes per year using traditional methods would
55 make it impossible for the UK to meet its net-zero
56 obligations.
- 57 Conference therefore endorses policy paper 155, *Tackling the*
58 *Housing Crisis*, and in particular its proposals to improve
59 housing in England by:
- 60 1. Building 150,000 social homes a year, including council

Monday 25 September cont.

- 61 houses, by the end of the next parliament.
- 62 2. Introducing a new approach to housing targets, with robust,
63 independently-assessed local housing targets that are
64 appropriate for the specific areas' needs, including
65 expected population changes.
- 66 3. Introducing binding targets for affordable and social
67 housing set by the local authority, who would be
68 allowed to build their own social and affordable housing to
69 meet their targets, using borrowing to do so.
- 70 4. Building ten new garden cities to tackle the housing crisis.
- 71 5. Introducing a package of measures to tackle the climate
72 crisis including:
- 73 a) Higher minimum standards for new builds.
74 b) Insulating all Britain's homes to the highest possible EPC
75 standard in ten years.
76 c) Creating locally designed and implemented
77 Environmental Improvement Areas.
- 78 6. Ensuring that all development has appropriate
79 infrastructure, services and amenities in place, including,
80 through integrating infrastructure and public service
81 delivering into the planning process.
- 82 7. Abolishing residential leaseholds and cap ground rents to a
83 nominal fee, so that everyone has control over their
84 property.
- 85 8. Ensuring a fair deal for renters by:

Monday 25 September cont.

- 86 a) Introducing a national register and minimum
- 87 standards for landlords.
- 88 b) Extending the default tenancy to 3 years.
- 89 c) Introducing rent smoothing for the first 3 years of a
- 90 tenancy.
- 91 d) Abolishing all eviction except where a tenant has
- 92 been proven to be breaking the terms of the rental
- 93 agreement.

- 94 9. Managing the impact of second homes and holiday lets by:
- 95 a) Giving local authorities new powers to control
- 96 second homes and holiday lets including new
- 97 planning classes.
- 98 b) Requiring second homeowners, holiday lets and
- 99 investment property to pay their fair share of tax.

- 100 10. Ensuring our construction sector is on a sustainable footing
- 101 by investing in skills, training and new technologies such as
- 102 Modern Methods of Construction.

- 103 11. Encouraging meaningful community engagement in the
- 104 planning process by:
- 105 a) Legally requiring developers and councils to seek the
- 106 views of underrepresented groups.
- 107 b) Expanding Neighbourhood Planning across England.

F33 Standing with Ukraine

Twickenham & Richmond

Mover: Richard Foord MP (Spokesperson for Defence).

Summation: Sarah Olney MP (Spokesperson for Treasury, Business and Industrial Strategy).

- 1 Conference notes the rapidly changing situation in Ukraine,
- 2 including:
 - 3 I. The courage shown by Ukrainians in defending their
 - 4 country since Russia's illegal full-scale invasion in
 - 5 February 2022.
 - 6 II. Ukraine has – at the time of drafting – liberated more than
 - 7 half of the territory Russia seized since the beginning of
 - 8 the invasion.
 - 9 III. Russia's near-victory in Bakhmut and its intensive
 - 10 manufacturing of new assets, its deployment of Iranian
 - 11 drones – necessitating urgent additional support for
 - 12 Ukraine from allies.
 - 13 IV. President Biden's decision to permit the transfer of F16
 - 14 jets to Ukraine, with Ukrainian pilots due to be trained in
 - 15 the UK.

Monday 25 September cont.

16 Conference further notes:

- 17 i) The potential threat that Putin's warmongering poses to
18 Europe's future security unless Russia is resisted.
- 19 ii) Finland's full accession to NATO in April 2023, with
20 Sweden also in the process of joining the organisation.
- 21 iii) Concerns about the potential for Russia to foment crises
22 in Moldova, in the annexed territory of Transnistria, as well
23 as potential difficulties arising for NATO in the Western
24 Balkans.
- 25 iv) The role of the Wagner Group in Bakhmut and the UK
26 Government's failure to proscribe the Group as a terrorist
27 organisation.
- 28 v) The request by Ukraine for the formation of a Special
29 Tribunal to prosecute Russia for the crime of aggression
30 and the work of a Core Group of countries to advocate for
31 a hybrid Tribunal.
- 32 vi) The UK Government's failure to take sufficient action to
33 deal with Russian dirty money in the UK, including their
34 refusal to publish the full golden visas review.
- 35 vii) The effect of Russia's invasion on the cost-of-living crisis
36 in the UK.

37 Conference believes that:

- 38 A. The defence of freedom, human rights and the rule of law
39 lie at the heart of liberal values.
- 40 B. This conflict will determine our security, freedom and
41 democracy in Europe, and Europe's standing on the world
42 stage.

Monday 25 September cont.

- 43 Conference therefore reaffirms the Liberal Democrats’
44 commitment to forcefully stand up to Putin, alongside Ukraine
45 and Ukraine’s international partners, in defence of liberal values,
46 and accordingly calls on the UK Government to:
- 47 1. Do all it realistically can, in view of Putin’s brazen actions,
48 to help arm Ukraine, including with longer-range precision
49 weapons, as well as provide regular materiel, humanitarian
50 equipment, medical supplies and the training it needs to
51 defeat Russia.
 - 52 2. Continue to strengthen the supply of British arms and
53 ammunition to Ukraine, and work with our allies to boost
54 the supplies coming from the EU and the USA – including
55 to replenish the UK’s and allies’ stockpiles.
 - 56 3. Proscribe the Wagner Group as a terrorist organisation.
 - 57 4. Strive to establish formal cooperation mechanisms on
58 foreign and security issues with the EU and NATO,
59 including through the Kyiv Security Compact.
 - 60 5. Lead calls amongst Ukraine’s allies for the setting up of a
61 Special Tribunal to prosecute alleged perpetrators of the
62 crime of aggression.
 - 63 6. Take further action to stop the flow of dirty Russian
64 money through the UK, including:
 - 65 a) Wider use of Magnitsky sanctions to target relatives
66 who have had wealth transferred to them in an
67 attempt to dodge sanctions.
 - 68 b) Strengthening economic crime legislation to remove
69 loopholes exploited by oligarchs such as those in the
70 Register of Beneficial Ownership.
 - 71 c) Significantly increase funding to economic crime
72 fighting organisations like the National Crime Agency,

Monday 25 September cont.

- 73 d) empowering them to seize Russian assets which can
74 be used for the reconstruction of Ukraine.
- 75 e) Releasing the full golden visas report.
- 76 7. Restore the 0.7% of GNI target for international
77 development spending, to ensure that humanitarian aid
78 which the UK supplies to Ukraine is not at the cost of
79 cutting aid spending in other countries.

F34 Standing order amendment: Speaker Card Selection

11 members

Mover: David Barnsdale.

Summation: To be announced.

Monday 25 September cont.

1 Conference believes that:

- 2 1. There can be no genuine and meaningful debate unless
- 3 opposing viewpoints are heard, even if one side may appear
- 4 to be in a small minority.
- 5 2. Genuine, balanced debate is desirable in that it can bring
- 6 forward ideas and arguments that participants have not
- 7 previously considered, may identify major flaws in a motion
- 8 and should result in better decision-making.

9 Conference resolves to amend standing order 8.7 as follows:

10 *Delete:* ‘The Chair shall be responsible for the choice of the

11 speakers and shall attempt to provide a balanced debate

12 between the different viewpoints in the conference, but

13 may announce a departure from this rule if there is an

14 overwhelming preponderance of members wishing to speak

15 on the same side’.

16 *and insert:* ‘The Chair shall be responsible for the choice of

17 the speakers and shall attempt to provide a balanced debate

18 between the different viewpoints in the conference

19 reflected in the number of speaker cards submitted, but

20 may, at their discretion, depart from strict proportionality in

21 favour of the minority if it seems that to do so would ensure

22 that conference is sufficiently informed about the issues

23 involved to make a decision. In assessing the number of

24 speakers allocated to each side the proposer and

25 summation will count as part of the allocation for those

26 speaking for the motion or amendment. The Chair shall

27 ensure that there is at least one speaker for the motion and

28 at least one speaker against the motion and the same for

29 each amendment, provided there are members who are

30 willing and able to speak. After the motion and all

31 amendments have been proposed, speakers against the

Monday 25 September cont.

32 motion and each amendment shall be called next unless
 33 there are no members wishing to speak in opposition. At the
 34 end of the debate, but before voting starts, the Chair shall
 35 announce the balance of cards submitted for and against
 36 the motion and each amendment’.

Federal Board

Mover: Mike Cox (Party Treasurer).

Summation: Dr Mark Pack (President of the Liberal Democrats).

Monday 25 September cont.

- 1 Conference agrees:
- 2 1. To continue to freeze the existing minimum membership
- 3 rates (£15 for new members, £12 for members from before
- 4 2022).
- 5 2. To continue to freeze the £6 minimum for those in receipt of
- 6 or entitled to state benefits, and the £6 minimum for
- 7 members paying via Young Liberals.
- 8 3. To drop the recommended membership rate, as this is no
- 9 longer used in our membership work (for example, people
- 10 are encouraged to pay more by reference to the average
- 11 membership subscription, not the recommended rate).
- 12 4. That nothing in this motion shall prevent a State Party from
- 13 setting via their internal procedures higher recommended
- 14 or minimum subscription rates or from introducing
- 15 additional concessionary rates.
- 16 5. That the Federal Levy remains at 55 per cent.

Tuesday 26 September cont.**F37 A Child Maintenance Service That Works For Children**

10 members

Mover: Wendy Chamberlain MP (Spokesperson for Work and Pensions).

Summation: Lord Palmer (Lords Spokesperson for Work and Pensions).

- 1 Conference notes with concern that:
 - 2 I. Around half of children in separated families – 1.8 million
3 children – continue to receive no support from their non-
4 resident parent.
 - 5 II. The House of Commons Public Accounts Committee
6 found that unpaid maintenance owed to parents on
7 Collect & Pay, the service operated by the Child
8 Maintenance Service (CMS) to distribute payments, is set
9 to rise to £1 billion by March 2031.
 - 10 III. The National Audit Office review into the CMS in March
11 2022 stated that the work of the CMS has “not, so far,
12 increased the number of effective child maintenance
13 arrangements across society”.
 - 14 IV. The DWP upholds more complaints for every 1,000
15 customers on child maintenance than any other area.
 - 16 V. Withholding or artificially reducing child maintenance
17 payments is being used as a form of economic abuse and
18 that some survivors find it especially difficult to obtain
19 the evidence necessary to get the Child Maintenance
20 Service to increase the amount their abuser has to pay.

Tuesday 26 September cont.

21 Conference believes that:

- 22 A. Every child has a legal right to be supported financially by
23 both their parents and that child maintenance payments
24 are vital for the well-being of children from separated
25 families, particularly single parent families.
- 26 B. For survivors of domestic abuse, using the statutory child
27 maintenance system is not a matter of choice, it is a
28 matter of safety.
- 29 C. Service charges for the Collect & Pay service are unfair
30 and penalise the parent receiving funds for the
31 unwillingness of the other parent to pay.
- 32 D. The Government has little strategy to improve the Child
33 Maintenance Service and seems incapable of retrieving
34 payments from parents that refuse to pay.
- 35 E. The formula used to determine maintenance payments
36 does not accurately reflect the true cost of raising a child.

37 Conference calls for:

- 38 1. A full review and reform of the Child Maintenance Service
39 to ensure it works for all children and parents.
- 40 2. The removal of the 4% charge for receiving parents using
41 the Collect and Pay service as well as the initial £20
42 charge to be enrolled onto Collect and Pay.
- 43 3. A review of the formula used to determine maintenance
44 payments to better reflect parents' circumstances, such
45 as the age of their children and their differing needs.
- 46 4. Guidance on child maintenance payments to survivors of
47 domestic abuse to be written into law, including direction
48 on extracting payment from those using payments as a

F44 Tackling the Nature Crisis (Natural Environment Policy Paper)

Federal Policy Committee

Mover: Baroness Parminter.

Summation: Richard Benwell (Chair of the Policy Working Group).

- 1 Conferences notes with concern that:
 - 2 A. The UK has lost nearly half of its biodiversity since the
 - 3 Industrial Revolution and is ranked in the bottom 10% in the
 - 4 world and the worst among G7 nations for biodiversity.
 - 5 B. The Conservative Government has missed its 2020 target
 - 6 for 50% of Sites of Special Scientific Interest to be in
 - 7 favourable condition and for UK seas to meet Good
 - 8 Environmental Status.
 - 9 C. The Conservative Government is set to miss its target for
 - 10 75% of rivers and streams to be in good condition by 2027,
 - 11 with just 14% of surface waters in good ecological condition
 - 12 in England and 0% in good overall condition.
 - 13 D. There has been a global decline of 68% in animal population
 - 14 sizes since 1970.
 - 15 E. The climate emergency and the ecological emergencies are
 - 16 intrinsically linked, and that there has been insufficient action
 - 17 in the UK and globally to tackle the climate emergency.
- 18 Conference recognises that the ecological emergency is one
- 19 of the greatest threats to life on Earth, and to people's health,
- 20 wellbeing and prosperity, and without urgent and effective
- 21 action domestically and internationally nature and human life
- 22 will be put in serious jeopardy.

Tuesday 26 September cont.

23 Conference also believes that the Liberal Democrats are the
 24 only party that understands the scale of the challenge, and has
 25 the right solutions to deliver a vibrant and thriving natural world
 26 with clean rivers, seas, lakes and air that will safeguard the
 27 wellbeing of present and future generations.

28 Conference therefore endorses policy paper 156, *Tackling the*
 29 *Nature Crisis*, in particular its proposals to:

30 1. Reverse the decline of nature by 2030 and double nature by
 31 2050 by:

32 a) Increasing the protected area network from 8% of the
 33 land to at least 16%.

34 b) Doubling the area of the most important wildlife
 35 habitats across England.

36 c) Doubling the abundance of species in the UK from
 37 the current baseline.

38 2. Introduce a ‘Right to Nature’, which would include:

39 a) A new Environmental Rights Act, which would
 40 recognise everyone’s human right to a healthy
 41 environment and guarantee access to environmental
 42 justice.

43 b) Establishing a new Open Environment Standard.

44 c) Introducing a Duty of Care for businesses to protect
 45 the environment.

46 3. Reduce the UK’s environmental impact globally by:

47 a) Mandating disclosure of impacts on nature in major
 48 financial and business sectors.

Tuesday 26 September cont.

49 b) Upholding the highest environmental standards in our
50 trade deals.

51 c) Aligning with the EU's rules at a minimum and
52 rejoining the EU REACH programme and the
53 European Chemical Agency.

54 4. Manage our land for nature by:

55 a) Providing a fair deal for farmers with a long-term
56 funding guarantee, based on public money for public
57 goods, to pay for a shift to a wildlife-friendly, high
58 welfare, climate-positive and economically thriving
59 farming sector.

60 b) Establishing a new Environmental Markets Authority,
61 setting standards to ensure all markets work for
62 nature and climate, and eliminating greenwash.

63 c) Introducing a strategic Land and Sea Use Framework
64 to effectively balance competing demands on our
65 land and oceans.

66 d) Introducing a new Sustainable Land Standard.

67 5. Manage our seas for nature by:

68 a) Reforming marine spatial planning to deliver a new,
69 integrated approach, focused on sustainability.

70 b) Reforming the fishing quota allocation system to
71 reward the most sustainable fleet, and ensure all
72 catch limits are set at sustainable levels.

73 c) Putting in place effective management rules, to
74 support the ecology of each protected area, including
75 a ban on bottom trawling in marine protected areas.

76 d) Ensuring at least 30% of our seas will be fully or highly
77 protected by 2030.

Tuesday 26 September cont.

78 6. Manage our lakes, rivers and streams for nature by:

- 79 a) Taking urgent measures, including mandating major
- 80 infrastructure upgrades in the sewage system and
- 81 implementing natural catchment solutions, to end
- 82 sewage pollution, prevent harmful run-off from
- 83 agriculture, and ensure developments do not add to
- 84 the pollution burden on our precious freshwaters.
- 85 b) Introducing nutrient budgeting in English
- 86 catchments, requiring projects in vulnerable areas to
- 87 demonstrate ‘nutrient negativity’ before they
- 88 proceed.
- 89 c) Setting new ‘blue flag’ standard and introducing a
- 90 ‘blue corridor’ programme for rivers, streams and
- 91 lakes to ensure clean, healthy water.
- 92 d) Abolishing Ofwat and replacing it with a regulator
- 93 with real and meaningful powers.

94 7. Make the economy and government work for nature by:

- 95 a) Delivering an Environment and Wellbeing Budget,
- 96 introducing a new fiscal rule to ensure that tax and
- 97 spending plans are sustainable and implementing a
- 98 green finance plan.
- 99 b) Undertaking regular systematic reviews to ensure
- 100 that green taxes and spending make up an increasing
- 101 proportion of the overall fiscal picture.
- 102 c) Increasing the tax reliefs offered for greener choices
- 103 and phase out subsidies for polluting industries.
- 104 d) Ensuring that the twin purposes of nature’s recovery
- 105 and climate stability are written into the guiding
- 106 statutory purposes of all relevant public bodies.

107 8. Reduce the UK’s resource consumption by:

Tuesday 26 September cont.

- 108 a) Embedding circular economy principles to reduce
109 use of raw materials and minimise pollution at home
110 and abroad.
- 111 b) Ensuring the right incentives are in place to cut back
112 on waste and overconsumption, including
113 comprehensive deposit return schemes and
114 Extended Producer Responsibility.
- 115 c) Introducing standards for repairability,
116 interoperability, sustainable construction and
117 reusability.
- 118 9. Make planning work for nature by:
- 119 a) Reforming the planning system to make
120 environmental improvement and quality of life explicit
121 purposes of planning.
- 122 b) Improving biodiversity net gain requirements by
123 increasing the length of time that net gain habitat
124 must be maintained from 30 years to 120 years and
125 increasing the net gain requirement for major
126 developments from 10% in smaller sites up to 100%
127 in larger greenfield sites.
- 128 c) Empowering Local Nature Recovery Strategies to
129 identify a new Wild Belt for nature's recovery.
- 130 d) Completing our Nature Recovery Network by
131 strengthening and completing the network of
132 England's environmental protected areas and
133 improving the management and funding of AONBs
134 and National Parks for nature.
- 135 10. Tackle the climate emergency by:
- 136 a) Mapping out the areas that are most important for
137 nature and climate and extend planning protection

Tuesday 26 September cont.

- 138 and investment to those areas.
- 139 b) Setting new standards, including a Blue Carbon
140 Standard and a Soils Carbon Standard.
- 141 c) Protecting the UK’s most important carbon store with
142 a complete ban on horticultural peat use, burning
143 heather on peatlands, and restoring the peatlands
144 that have been damaged.
- 145 d) Doubling woodland cover by 2050.

Debates and votes at conference

Debates on policy and business motions are at the heart of federal conference. It is through them that the party sets its policy and future direction. Unlike in other parties, Liberal Democrat members are sovereign, and what they decide really matters.

The structure of debate on policy and business motions:

Proposer of the motion speaks

Proposers of any amendments speak in turn

Speakers called on all sides of the debate
with the chair seeking to ensure balance

Summators of amendments speak in turn

The summator of the motion speaks

The chair takes votes for and against the amendments
and separate votes (if any) in turn

A vote will be taken on the motion as a whole

Agenda Information cont.

Separate votes: a vote to delete or retain the specified words or section. A request for a separate vote may be submitted by any party member by the start of the first conference session on the day before the debate is scheduled, or by the deadline for emergency motions for debates scheduled for the first day of conference.

Speaking and voting at conference

Eligibility to speak and vote

All party members attending in person are entitled to speak and vote in conference debates, providing they are attending conference as a party member (and not for example an exhibitor or observer). People registered for the online-only option are entitled to vote at conference. Party members fulfilling these criteria are known as ‘voting members’.

Length of speeches

The length of speeches is shown against each motion in the *Agenda*.

There are three lights on the speaker’s rostrum and visible either side of the stage. The green light comes on at the beginning of the speech. The amber light comes on 60 seconds before the end of the allowed time (20 seconds before the end of an intervention). The red light comes on when all the time is used up, and the speaker must stop immediately.

Applying to speak

To make a speech in a debate you must:

Agenda Information cont.

- ▶ complete a speaker's card, collected from and returned to the Speakers' Table at the front of the auditorium, an auditorium steward or the Information Desk; or
- ▶ submit an electronic speaker's card, from 18 September up to one hour before the start of the debate, online at:

www.libdems.org.uk/speakers-card

Completing a speaker's card

When completing a speaker's card, remember:

1 Submit your card well in advance.

The chair and aide team for the debate will meet well in advance to plan the debate – sometimes the previous day.

2 Fill in your card completely.

Complete the back of the card as well as the front. These sections are needed for the chair and aide to balance the debate, so they can call people with relevant experience and avoid a string of people making the same point.

3 Make sure it's readable!

Don't fill every square centimetre of the card and write legibly – the easier you make it for the chair and aide to read the card the more likely you will be called.

Interventions

To speak during interventions, voting members should complete an intervention form, collected from and returned to a steward in the auditorium. Speakers will be chosen by the chair of the session by random.

Other conference sessions

Emergency motions

Emergency motions are debated and voted on and make formal party policy like other motions, but refer to a substantial development since the deadline for submission of motions.

There is a slot for an emergency motion at F36 on Tuesday 26 September.

The motions for selection by ballot will be printed in Saturday's *Conference Daily*. The emergency motions ballot will be held electronically. Members of conference will receive a ballot by email at 17.00 on Friday 22 September and should complete it online by 17.00 on Saturday 23 September.

Topical issue discussions

The FCC may decide to use part of this slot for topical issue discussions. This will allow members and spokespeople to discuss and comment on a political issue live at the time of conference; they do not make party policy.

Party members may submit suggested topics for a discussion, which will be considered by officers of the FCC and FPC. If a topical issue discussion is selected, it will be published in the relevant *Conference Daily*.

Agenda Information cont.

Question & answer sessions

Any voting member may submit a concise question (maximum 25 words) on any subject for the Leader's Q&A (F22). Questions will be selected by the chair and the questioner will be able to ask their question via the interventions microphone.

Questions may be submitted by 17.00 on the day before the session using the online form at:

www.libdems.org.uk/conference_submissions

Questions may also be submitted on a form collected from and returned to the Speakers' Table in the auditorium by 12.50 Sunday 24 September.

Reports

The reports of Federal Committees and Parliamentary Parties are printed in the separate reports document. Any voting member may submit concise questions on these reports. Questions may be submitted by 13.00 on 11 September using the online form at:

www.libdems.org.uk/conference_submissions

Questions received by the deadline above will be published in *Conference Extra* and are guaranteed a reply, in the session or in writing thereafter. Questions may also be submitted using the same online form until one hour before the start of the relevant session, but will only be called if time allows and at the discretion of the chair of the session.

The Committee shall provide written reasoning to the nominee of the proposers for the rejection of any motion or amendment. The proposers may appeal, in writing, to the next meeting of the Committee. The business session or sessions of the conference must include consideration of reports from the bodies listed in Standing Order 1.1(b).

12.2 Submission and selection of questions

A voting member may submit questions

to any report tabled for consideration, by the deadlines set under Standing Orders 1.5 (d) and (e). The Committee shall publish in advance of the report session all the questions submitted under Standing Order 1.5 (d) which are in order, compositing similar questions where appropriate. Questions to the Federal Board report may include questions about the work of the Federal Audit and Scrutiny Committee and the work of the Federal People Development Committee

12.3 Whether questions are in order or not

A question shall be ruled out of order if it asks the body submitting the report about issues which are outside its duties and responsibilities. If the question could be answered by another body reporting to the same conference, the Committee may transfer the question to that body.

12.4 How questions and supplementary questions are put and answered

After the report is moved, the mover, or their nominee, shall answer the questions in turn. After each question has been answered, the voting member who submitted the question will be given the opportunity to put a supplementary question, speaking for a maximum of two minutes, and the mover, or their nominee, will be given an opportunity to respond. The chair shall determine the time given to the mover in moving the report and replying to questions. The chair shall also determine how many of the published questions, and how many of the questions submitted under Standing Order 1.5 (e), can be taken. After the conference the Committee shall publish the answers to all questions submitted under Standing Orders 1.5 (d) and (e) which are in order, and to all supplementary questions asked.

The person who made the request shall speak and the mover of the report, or their nominee, shall reply. The chair may allow other speakers, and shall determine the time given to all speakers.

A move not to receive a report must be debated (except that the chair shall have discretion to choose between more than one move not to receive the same report), at the conclusion of the question session.
