Welcome to Conference

**from Sir Ed Davey MP,
Leader of the Liberal Democrats**

I am so delighted to welcome you all to our Spring Conference – and our first Spring get-together as a party with 72 MPs. That number will never get old.

And we're already making a splash (no, not that kind...!) in this new Parliament. While the other parties squabble amongst themselves and lack any clear direction, I am proud of the way we have kept laser-focused on the issues that matter most to people.

We are making the most of the exciting opportunity of being the biggest Liberal party in the House of Commons in over 100 years, and working hard to repay the trust voters put in us at the general election. With the Conservative Party still so divided and out of touch, Liberal Democrats are the only ones challenging this dismal Labour Government to act faster and be much bolder, on everything from the NHS and care to Europe and political reform.

So this weekend I am looking forward to a conference full of big, bold ideas to build the free, fair and open society we all believe in, while also holding both this Government and the Conservatives to account.

And we meet in Harrogate just as we head into a crucial set of local elections – a great chance to build on our fantastic success of recent years, get more brilliant Liberal Democrats elected to make a difference for their communities, and finish the job against the Conservatives.

Winning in May is our chance to show that – despite Trump, Farage and all the rest – liberalism is still on the rise. We can offer the antidote to populism and extremism, by putting real power in the hands of ordinary people and holding the already powerful properly to account.

But it won't come easily. It will take a lot of hard work – so thank you for everything you are doing, and let's keep it up!

Welcome to Conference

**from Mark Pack,
Liberal Democrat Party President**

It is fabulous we are not only returning to Harrogate for a Liberal Democrat conference, but that now it is also a venue with a Liberal Democrat MP, following Tom Gordon's win last July.

The very first winning general election campaign I worked on was that for Phil Willis, also in Harrogate, back in 1997. Back then, we all thought the 1997 election result across the country was a cracking one for our party, but we far surpassed that in 2024. People will still smile while saying '72' for a good while yet.

But elections keep on coming, and we have a great opportunity with the May local elections - or rather, however many of them that are still run despite the best efforts of Conservative councillors to call for cancellation. A great opportunity to strengthen our position in the constituencies we won last year, and a great opportunity to build up our strength more broadly too.

Around £125 billion of spending on public services is at stake in these elections. For all the damage done to local government by years of cuts and centralisation, it is still at the heart of so many crucial services.

Which makes these elections important not only for our future growth as a party, but also for our immediate power to turn our policies into action to improve people's lives.

Policies that we will be updating and refreshing at conference for the new political landscape we are in. Alongside that we will have the opportunity to discuss lessons from the general election, along with excellent training, a variety of fringes and stalls and much catching up with colleagues from around the country.

Whether you are coming in person, or joining online, I hope you enjoy conference.

In the meantime, please don't hesitate to grab me for any questions you have, or drop me an email on president@libdems.org.uk

Welcome to Conference

**from Cllr Nick da Costa,
Chair, Federal Conference Committee**

Dear Friends,

We are delighted to be back in Harrogate for our 2025 Spring Conference. This is the first time back in Harrogate in over 15 years, and we are looking forward to the experience.

I hope that you take advantage of all of the various events over the Conference weekend, especially taking part in debates, the exciting fringe offering and the exhibition.

We are so grateful for all the party bodies and external organisations who engage with our party and our members at our Conferences.

Please also do take a chance to take part in some of our amazing training offers, which are a fantastic opportunity to learn new skills (or refresh older skills) and helping us win more elections up and down the country.

I'd like to take this opportunity to thank the amazing teams at HQ that make Conference happen, and make it such a special experience. They are a small and brilliant dedicated team who work so hard. Thank you.

Please also take an opportunity to thank our incredible stewards; who do such an amazing job in supporting you and enhancing your experience over the Conference weekend.

I hope you have a great time, and if you need any help, please do reach out to myself or other members of the Federal Conference Committee.

Best wishes,

Nick

Agenda Information

Debates and Votes at Conference

Debates on policy and business motions are at the heart of federal conference. It is through them that the party sets its policy and future direction. Unlike in other parties, Liberal Democrat members are sovereign, and what they decide really matters.

The structure of debate on policy and business motions:

Proposer of the motion speaks

V

Proposers of any amendments speak in turn

V

Speakers called on all sides of the debate with the chair seeking to ensure balance

V

Summators of amendments speak in turn

V

The summator of the motion speaks

V

The chair takes votes for and against the amendments and separate votes (if any) in turn

V

A vote will be taken on the motion as a whole

Interventions: concise (one minute) speeches made from the intervention microphone(s) on the floor of the auditorium, during debates where it is indicated in the **Agenda**.

Amendments: all motions except emergency motions are open to amendment; amendments accepted will be published in **Conference Daily**. (See page 13).

Reference Back: a proposal to refer a motion or amendment to a named body of the Party for further consideration. (See page 13).

Voting: decisions on most motions and all amendments and separate votes are

Agenda Information cont.

by simple majority of those voting (2/3 majority for constitutional amendments). To vote, voting members must show their voting badge whilst seated on the ground floor of the auditorium.

Separate votes: a vote to delete or retain the specified words or section of a motion or amendment.

A request for a separate vote may be submitted by any party member by:

- 09.00 Thursday 20 March for debates scheduled for Saturday 22 March; or by:
- 09.00 Saturday 22 March for debates scheduled for Sunday 23 March.

The request for a separate vote should be submitted using the online form at:

www.libdems.org.uk/conference_papers

or in writing to the Speakers' Table in the auditorium.

Counted vote: the chair of the session may decide that a vote needs to be counted. Any voting member may request a count from the floor; if fifty voting members stand and show their voting cards, a count will be taken.

Communications with the chair and aide: the chair and aide team can be contacted at conference – solely for formal communication on procedural motions and points of order, via the Speakers Desk or via the link:

www.libdems.org.uk/procedural-motions

Speaking and Voting at Conference

Eligibility to speak and vote

All party members attending in person are entitled to speak and vote in conference debates, providing they are attending conference as a party member (and not for example an exhibitor or observer). Party members fulfilling these criteria are known as 'voting members'.

Length of speeches

The length of speeches is shown against each motion in the **Agenda**.

Agenda Information cont.

There are three lights on the speaker's rostrum and visible either side of the stage. The green light comes on at the beginning of the speech. The amber light comes on 60 seconds before the end of the allowed time (20 seconds before the end of an intervention). The red light comes on when all the time is used up, and the speaker must stop immediately.

Applying to speak

To make a speech in a debate you must:

- complete a speaker's card, collected from and returned to the Speakers' Table at the front of the auditorium, an auditorium steward or the Information Desk; **or**
- submit an electronic speaker's card, from Monday 17 March up to one hour before the start of the debate, online at:

www.libdems.org.uk/speakers-card

Completing a speaker's card

When completing a speaker's card, remember:

1 Submit your card well in advance.

The chair and aide team for the debate will meet well in advance to plan the debate – sometimes the previous day.

2 Fill in your card completely.

Complete the back of the card as well as the front. These sections are needed for the chair and aide to balance the debate, so they can call people with relevant experience and avoid a string of people making the same point.

3 Make sure it's readable!

Don't fill every square centimetre of the card, and write legibly – the easier you make it for the chair and aide to read the card the more likely you will be called.

Interventions

To speak during interventions, voting members should complete an intervention

Agenda Information cont.

form, collected from and returned to a steward in the auditorium. Speakers will be chosen by the chair of the session by random.

Other Conference Sessions

Emergency motions

Emergency motions are debated and voted on and make formal party policy like other motions, but refer to a substantial development since the deadline for submission of motions.

There is a slot for emergency motions at F22 on Sunday 23 March.

The motions for selection by ballot will be printed in **Conference Extra**. The emergency motions ballot will be held electronically. Members of conference will receive a ballot by email at 17.00 on Friday 21 March, and should complete it online by 13.00 on Saturday 22 March.

Topical issue discussions

The FCC may decide to use part of this slot for topical issue discussions. This will allow members and spokespeople to discuss and comment on a political issue live at the time of conference; they do not make party policy.

Party members may submit suggested topics for a discussion, which will be considered by officers of the FCC and FPC. If a topical issue discussion is selected, it will be published in the relevant **Conference Daily**.

Question & answer sessions

Any voting member may submit a concise question (maximum 25 words) on any subject for the Leader's Q&A (F13). Questions will be selected by the chair and the questioner will be able to ask their question via the interventions microphone.

Questions may be submitted by 13.00 Monday 10 March using the online form at:

www.libdems.org.uk/conference_submissions

Questions may also be submitted on a form collected from and returned to the Speakers' Table in the auditorium by 12.50 Saturday 22 March.

Agenda Information cont.

Reports

The reports of Federal Committees and Parliamentary Parties are printed in the separate reports document. Any voting member may submit concise questions on these reports. Questions may be submitted by 13.00 on 10 March using the online form at:

www.libdems.org.uk/conference_submissions

Questions received by the deadline above will be published in **Conference Extra** and are guaranteed a reply, in the session or in writing thereafter. Questions may also be submitted using the same online form until one hour before the start of the relevant session, but will only be called if time allows and at the discretion of the chair of the session.

Submitting Amendments, Emergency Motions, Topical Issues, Requests for a Reference Back, and Appeals

Amendments, emergency motions and requests for a reference back

Amendments, emergency motions and requests for a reference back must be:

- signed by 10 party members; **or**
- submitted by one or more of: a local party, state party, regional party in England, Federal Specified Affiliated Organisation or Federal Party Committee.

And must be submitted by 13.00 on 10 March online at:

www.libdems.org.uk/conference_submissions

Submitters should include:

- For amendments – a short explanation of the intended effect of the amendment.
- For emergency motions – a short explanation of its emergency nature.
- For requests for a reference back – the details of the body to whom the motion is to be referred and a statement of the reasons for the reference back, including reasons why voting against the motion would not achieve a similar result, not exceeding 150 words. (In exceptional circumstances,

Agenda Information cont.

the chair of the debate shall have discretion to accept a request for a reference back if it is received in writing after this deadline).

Topical issues

Suggestions for topical issues may be submitted by any party member by 13.00 on 10 March online at:

www.libdems.org.uk/conference_submissions

The title of the issue should be no more than ten words, and should not include an expression of opinion; please include full contact details of the submitter and up to 100 words explanatory background.

Drafting advice

Submitters are encouraged to use our drafting advice service: draft amendments and emergency motions should be submitted by 13.00 on 24 February online at:

www.libdems.org.uk/conference_submissions

If you wish to appeal the FCC's decision not to select your emergency motion or amendment, follow these instructions.

The appeal should come from the email address of the original contact for the motion and should be no longer than one side of A4.

It should explain why you are appealing and any new information the FCC was unaware of when it made its decision.

The email should also contain a contact name and telephone number.

Appeals should be emailed by 09.00 on 20 March to:

F4 Science, Innovation and Technology (Science Policy Paper)

Federal Policy Committee.

Mover: Victoria Collins MP (Spokesperson for Science, Innovation and Technology).

Saturday 22 March cont.

Summation: Dr Jonathan Everett (Chair of the Policy Working Group).

Conference believes that:

- 1 i) Technological innovation is essential to tackling the major
2 challenges of our time; climate breakdown, conflict,
3 economic stagnation, crumbling public services, and social
4 unrest.
- 5 ii) Technological advances must be for the benefit of all in
6 society, not just for wealthy and powerful individuals and
7 institutions.
- 8 iii) For technology to benefit the whole of society and deliver
9 the maximum benefit, government must play a
10 comprehensive and active role, showing leadership with a
11 national and international strategy.

12 Conference further believes that the Liberal Democrat values of
13 internationalism, respect for individual rights and wellbeing,
14 and challenging concentrations of power can combine with
15 science and technology to usher in a new age of prosperity and
16 progress.

17 Conference notes that the last Conservative Government was
18 an utter failure for UK science and innovation, with a hostile
19 attitude towards international collaboration, shambolic
20 adoption of technology in the public sector, chaotic
21 management of the economy putting off investment and
22 ideological hostility to sensible regulation.

23 Conference also notes that the Labour Government lacks the
24 ideas to take advantage of the emerging technological
25 revolution and they are failing to address the deep issues they
26 have inherited.

27 Conference condemns the Labour Government's decision to
28 cancel the exascale supercomputer in Edinburgh as a short-
29 sighted cost saving measure, symbolic of their lack of vision and
30 understanding of how science and technology works.

31 Conference therefore endorses policy paper 158 *Science,*
32 *Innovation and Technology*, and its flagship policies to:
33

Saturday 22 March cont.

- 34 A. Create a teacher workforce strategy for England to ensure
35 that every secondary school child is taught STEM subjects by
36 a subject specialist.
- 37 B. Ensure that the digital rights of every citizen are
38 strengthened and upheld, with fair protection and
39 remuneration for creative industries in the age of AI, so that
40 all can benefit from technological progress.
- 41 C. Introduce a National People Strategy alongside an industrial
42 strategy to ensure that the UK workforce has the necessary
43 skills and people are protected from disruption.
- 44 Conference in particular endorses policies to:
- 45 1. Build a vibrant and successful technology and science
46 sector, which is dynamic and innovative whilst ensuring that
47 technological progress is fair to all in society, with guardrails
48 against exploitation and abuse by introducing a national
49 and international science and technology strategy that
50 raises R&D spending to 3.5% of GDP.
- 51 2. Invest in young people's education by:
- 52 a) Creating a teacher workforce strategy that ensures that
53 every secondary school child is taught by a subject
54 specialist and fully funding the independent pay body's
55 recommendations for teacher salaries.
- 56 b) Building a long-term consensus across parties and
57 teachers to broaden the curriculum and make
58 qualifications at 16-18 fit for the 21st Century.
- 59 c) Emphasising data and digital literacy across subjects
60 and overhauling mathematics education to improve
61 teaching of data and computer science.
- 62 d) Investing in adult education and skills, to be set out in a
63 future policy paper.
- 64 3. Strengthen our universities as world leaders in research by:
- 65 a) Enacting a decade-long programme of increasing and
66 improving research funding, with a package of
67 measures to improve spin-outs.

Saturday 22 March cont.

- 68 b) Fully participating in Horizon Europe, and applying to
69 join the European Innovation Council and EU-US Trade
70 and Technology Council.
- 71 c) Replacing the Conservatives' failed immigration policies
72 with a flexible merit-based system to attract
73 international talent.
- 74 4. Unlock the innovative potential of the private sector,
75 underpinned by four principles:
- 76 a) High-quality, well-targeted regulation that can help
77 enhance growth and create new sectors, while also
78 protecting consumers, society and our planet.
- 79 b) Providing businesses certainty to enable businesses of
80 all sizes to invest and take risks; we will be transparent
81 in our plans to help businesses feel confident in theirs.
- 82 c) New technologies and scientific monetisation happen
83 most effectively when based on high-quality good
84 corporate governance that puts long term, ethical
85 growth over short term returns.
- 86 d) Innovation happens when the public and private sector
87 meet; we will use the power and resources of the state
88 to underpin, and incentivise technological development
89 and adoption.

Applicability: Federal, except for 2. (lines 51-63), which is England only.

Mover and summation combined: 16 minutes; mover and summation of amendments: 4 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see pages 8-11.

The deadline for amendments to this motion is 13.00 Monday 10 March; see pages 13-14. Those selected for debate will be printed in Conference Extra and Saturday's Conference Daily. The deadline for requests for separate votes is 09.00 Thursday 20 March; see page 11.

11.50 Policy Motion

Chair: Duncan Brack. Aide: Cara Jenkinson (Vice Chair, FCC). Hall Aide: Paul McGarry.

F9 *Free to be Who You Are*

13 members.

Mover: Christine Jardine MP (Spokesperson for Women and Equalities).
Summation: Charley Hasted.

1 Conference believes that:

2 i) Everyone should have the freedom to live their lives as who
3 they are, with their fundamental rights protected.

4 ii) Nobody's life chances should be limited or determined
5 because of their sexual orientation or gender identity.

6 iii) Fighting for the rights, dignity and freedom of all LGBTQ+
7 people is inherent in our core beliefs of liberty and equality.

8 iv) True equality is achieved when individuals are not only free
9 from prejudice and discrimination, but also to fulfil their full
10 potential.

11 Conference commends the party's long history of, and
12 reputation for, advancing LGBTQ+ equality, and reaffirms its
13 commitment to continue this proud tradition.

14 Conference notes with concern that:

15 A. Too many LGBTQ+ people face prejudice, discrimination and
16 hostility simply because of who they are, with two-thirds in
17 the UK having experienced anti-LGBTQ+ violence or abuse.

18 B. LGBTQ+ people face deeply entrenched structural
19 inequalities and extra barriers to accessing support
20 throughout many aspects of life, from education to housing
21 and healthcare.

22 C. Despite progress on public acceptance of most LGBTQ+
23 people, divisive culture wars set back attitudes, especially
24 when it comes to trans people.

25 D. Outside the UK, acceptance of LGBTQ+ people is still

Saturday 22 March cont.

26 worryingly low, with 67 countries still criminalising people
27 for being gay.

28 Conference therefore supports the following policies on
29 LGBTQ+ equality, taken from the spokesperson's paper *Free To*
30 *Be Who You Are*:

- 31 1. Implement a new LGBTQ+ Action Plan to coordinate cross-
32 government work on delivering LGBTQ+ equality.
- 33 2. Give all equalities issues the focus they deserve by creating
34 a dedicated Secretary of State in the Cabinet to lead the
35 Women & Equalities Unit.
- 36 3. Tackle anti-LGBTQ+ hate crime by:
 - 37 a) Ensuring hate crimes against LGBTQ+ people are
38 counted as aggravated offences.
 - 39 b) Giving the Secretary of State for Women & Equalities a
40 clear mandate to coordinate government work on hate
41 crime.
 - 42 c) Delivering better training for police on preventing and
43 prosecuting anti-LGBTQ+ hate crime.
- 44 4. Enable LGBTQ+ survivors of domestic abuse and hate crime
45 to get the support they need by improving access to
46 specialist 'by and for' support services and making general
47 support services more inclusive through specialised
48 training.
- 49 5. End anti-LGBTQ+ abuse in social care by:
 - 50 a) Commissioning an urgent investigation into anti-
51 LGBTQ+ abuse in social care settings including care
52 homes, with recommendations on how to prevent it.
 - 53 b) Delivering mandatory training for all care workers on
54 acceptance and the particularities of caring for LGBTQ+
55 people.
 - 56 c) Professionalising the care workforce including by
57 creating a national register of care workers, including
58 transparent records of abuse.

Saturday 22 March cont.

- 59 6. Call on the Government to publish clear and comprehensive
60 guidance on the use of any single-sex and separate-sex
61 exceptions under the Equality Act, which reaffirms existing
62 laws on protecting people from discrimination on the basis
63 of being trans.
- 64 7. Include specific provisions to tackle LGBTQ+ homelessness
65 in a cross-Whitehall plan to end homelessness.
- 66 8. Create an education system where all LGBTQ+ pupils can
67 thrive by:
- 68 a) Rolling out a permanent programme to tackle
69 homophobic, biphobic and transphobic bullying in
70 schools in consultation with teachers, school leaders
71 and families.
- 72 b) Ensuring pupils can receive age-appropriate, LGBTQ+-
73 inclusive relationship and sex education (RSE).
- 74 c) Giving teachers the training and support they need to

14.10 Constitutional Amendment

Chair: Cllr Nick da Costa (Chair, FCC). Aide: Eleanor Kelly. Hall Aide: Matthew Palmer.

F10 Constitutional Amendment: Implementing the Lessons of the General Election Review

Saturday 22 March cont.

12 members.

Mover: Tim Farron MP (Chair of the General Election Review).

Summation: Paul Farthing.

1 Conference notes that:

2 A. The 2024 General Election Review has recommended that
3 major changes are needed to our Westminster candidate
4 processes in order for us to better support candidates and
5 win more elections.

6 B. As the Review found, in practice due to shared resources,
7 volunteers and staff support, the Welsh and Scottish state
8 parties have to follow many of the same rules and
9 processes agreed by the English state party but do not
10 currently have any input into those decisions.

11 C. The Federal Constitution currently gives the Federal Party
12 responsibility for “overall preparations for [Westminster]
13 Parliamentary ... Elections” in Article 2.3, but candidate
14 approval and selection rests with each of the three State
15 Parties.

16 D. Splitting off Westminster candidate approval and selection
17 from the main organisation of our Parliamentary election
18 campaigns risks the support, mentoring and selection of
19 candidates being siloed off from our main election work.

20 Conference therefore believes that:

21 1. As our candidates are such an essential party of any
22 election campaign, the party body responsible for running
23 general election campaigns should also be responsible for
24 the candidate process, just as is already the case for
25 Holyrood and Senedd elections as well as local elections.

26 2. All three State Parties should have parity of esteem, with all
27 three having an equal input into the decision making.

28 3. There should be full support for our candidates system
29 from the Federal Party, including dedicated staff support.

30 4. Our commitment to improving the party’s diversity, and
31 particularly to tackling the under-representation of ethnic

Saturday 22 March cont.

- 32 minorities, means the Vice President responsible for
33 working with ethnic minority communities, elected by party
34 members, should have direct input into the candidate
35 process.
- 36 5. A co-ordinated, planned timetable for selections will enable
37 better use of volunteer time to help run them, will enable
38 more action to be taken to improve the diversity of our
39 candidates and will enable better planning for and provision
40 of training for newly selected candidates.
- 41 6. Training of approved and selected candidates is essential
42 for their, and the party's, success.
- 43 7. There should be clear and direct accountability for the
44 management of our candidate process, including via the
45 party's sovereign body, Federal Conference.
- 46 Conference therefore agrees to amend the Federal Constitution
47 as follows:
- 48 *In Article 2.3(c) after "Elections" insert: ", including arrangements*
49 *for candidate approval and selection".*
- 50 *In Article 13.4 delete the text regarding the composition of the Joint*
51 *Candidates Sub-Committee by deleting:*
- 52 "shall include one representative, with a power of substitution,
53 from each of the State Candidates Committees. The Chair of the
54 JCSC shall be appointed by the FCEC from amongst its
55 members"
- 56 *and insert:*
- 57 "shall comprise:
- 58 a. the Chair of the JCSC who shall be appointed by the FCEC;
59 b. one representative, with a power of substitution, from each
60 of the State Candidates Committees;
61 c. one person elected by the FCEC from amongst its members;
62 d. the Vice President responsible for working with ethnic
63 minority communities; and

Saturday 22 March cont.

64 e. the Chief Whip in the House of Commons.”

65 *In Article 13.4 delete:*

66 “a. The JCSC shall maintain oversight of the Party’s readiness to
67 field candidates in all elections to the Westminster and
68 European Parliaments and shall co-ordinate the maintenance of
69 standards and the performance of the functions specified in
70 Article 19.1 and 19.7, including for the first elections to the
71 House of Lords (or any fully or partially elected replacement
72 second chamber of the Westminster Parliament).

73 “b. If it is not possible for there to be an appropriate
74 constitutional amendment before the first elections to the
75 House of Lords (or any fully or partially elected replacement
76 second chamber of the Westminster Parliament), the
77 procedures to be adopted for the purposes of article 19.1 shall
78 be based as far as possible on the provisions of clauses 19.4
79 and 19.8 as appropriate. It shall receive reports from States
80 Candidates Committees to that end”

81 *and insert:*

82 “13.5 The JCSC shall set the standards and processes for, and
83 maintain oversight of, the Party’s readiness to train and field
84 candidates in all elections to the Westminster and European
85 Parliaments as well as any public elections to the House of
86 Lords or its successor. In order to do this, for these elections the
87 JCSC’s functions shall be:

88 a. to make provision for there to be lists of approved
89 candidates;

90 b. to maintain and publish criteria for approval and to ensure,
91 so far as possible, their consistent application;

92 c. to make and from time-to-time to vary rules for the
93 selection and adoption of prospective candidates, including
94 provisions for deselection;

95 d. to co-ordinate and regulate the procedure for the selection
96 and adoption of candidates; and

97 e. to provide training for Returning Officers, approved

99 In carrying out these roles, it shall consult with State Candidates
100 Committees."

101 *In Article 13.4 renumber (c) as Article 13.6 and capitalise the first*
102 *letter of "article".*

103 *Insert new Article 13.7: "The FCEC report to conference shall*
104 *include the work of the JCSC."*

105 *Delete the wording of Article 19.1 and insert: "Each State Party*
106 *shall establish a Candidates Committee in order to carry out its*
107 *responsibilities for elections to the Westminster and European*
108 *Parliaments as well as any elections to the House of Lords or its*
109 *successor, including implementing the requirements set under*
110 *Article 13.5. These Candidates Committees shall also have*
111 *responsibility for candidate approval and selection for elections*
112 *to any devolved Parliament or Senedd within the State Party's*
113 *area."*

114 *In Article 19.2 after "each State Candidates Committee shall"*
115 *insert: "follow the requirements set under Article 13.5 and shall".*

116 *Delete the wording of Article 19.2 (b) and insert: "the previous*
117 *participation by the applicant in the work of the Party, both*
118 *generally and within the relevant State, as well as their previous*
119 *participation in other walks of life."*

120 *In Article 19.3 delete: "The name of any person may be removed*
121 *from a list by the relevant State Candidates Committee if" and*
122 *insert: "The name of any person may only be removed from a*
123 *list by the relevant State Candidates Committee by following the*
124 *requirements set under Article 13.5 and if".*

125 *In Article 19.3 delete the two references to "as an MP or MEP" and*
126 *insert: "in the public office for which they have been approved*
127 *as a candidate"*

128 *In Article 19.4 delete: "The rules for the selection of Westminster*
129 *candidates shall comply with" and insert: "The rules for the*
130 *selection of Westminster candidates made by the JCSC shall*
131 *comply with".*

Saturday 22 March cont.

- 132 *Delete the wording of Article 19.4(j)(iii) and insert: "notice as to*

F14 The UK's Response to Trump

12 members.

Mover: Calum Miller MP (Spokesperson for Foreign Affairs).

Summation: Daisy Cooper MP (Spokesperson for the Treasury and Deputy Leader).

1 Conference notes that in November 2024, Donald Trump was
2 elected as the President of the United States for a second time.

3 Conference expresses profound alarm at:

4 i) Trump's disregard for democratic institutions, exemplified
5 by his false claims that the 2020 US election was 'stolen', his
6 involvement in the January 6th Capitol attack, and his
7 decision to pardon those imprisoned for the attack.

8 ii) In January 2025, the US Department of Justice Special
9 Counsel reported that had Trump not been re-elected, he
10 would have been convicted for illegally trying to overturn
11 the 2020 US election.

12 iii) Trump's lack of commitment to NATO and Ukraine, with the
13 President praising Putin's invasion of Ukraine as 'genius'.

14 iv) Trump's failure to rule out using military force to seize
15 control of the Panama Canal and Greenland.

16 v) Trump's plans to implement tariffs which will damage the
17 UK economy in the midst of a cost of living crisis.

18 vi) The continued attempts by Trump ally and incoming US
19 government official Elon Musk to interfere in UK politics,
20 including reports of potential future donations.

21 vii) Trump's lack of commitment to international climate action
22 and his plan to withdraw from the Paris agreement.

23 viii) Trump and the Republican Party's pursuit of policies which
24 are deeply damaging for American women and minority
25 groups.

26 ix) Donald Trump's personal conduct, as the first US President
27 to be a convicted felon, and to have been found liable for
28 sexual assault.

Saturday 22 March cont.

29 Conference is also deeply concerned that the second Trump
30 presidency comes at a time when Putin's forces are still waging
31 their illegal war in Ukraine and we see unprecedented attempts
32 at foreign interference by Russia, including in Georgia, Moldova
33 and Romania.

34 Conference believes that the United Kingdom must now lead in
35 Europe to ensure support for Ukraine, to secure NATO's future
36 and strengthen trade and defence cooperation with our
37 European allies.

38 Conference further believes that it is more urgent than ever for
39 the UK to fix its broken relationship with the EU.

40 Conference reaffirms the Liberal Democrats' longer-term
41 objective of UK membership of the EU and our four-stage
42 roadmap to restore ties of trust and trade as set out in Policy
43 Paper 144 *Rebuilding Trade and Cooperation with Europe*.

44 Conference deeply regrets the continued refusal of the Labour
45 Government to entertain the prospect of membership of the
46 Single Market or the Customs Union, especially given the
47 uncertainty and unpredictability threatened by the second
48 Trump presidency.

49 Conference accordingly calls on the Government to:

50 A. Ensure that Ukraine is supported no matter what, by
51 holding a European leaders summit to seize the frozen
52 Russian assets in the UK and Europe and giving them to
53 Ukraine.

54 B. Take urgent and immediate action to boost growth by
55 restoring the trading relationship with the EU, removing red
56 tape imposed by the Brexit deal in line with our four-stage
57 roadmap.

58 C. Rule out any UK-US trade deal which lowers British
59 environmental and health standards.

60 D. Ensure that the UK is a world leader on climate in the US's
61 absence, including by restoring the international
62 development budget to 0.7% of national income with
63 tackling climate change a key priority for development

Saturday 22 March cont.

- 64 spending.
- 65 E. Strengthen the UK's defences in the light of US isolationism
66 and Putin's aggression by:
- 67 a) Reversing the 10,000 Conservative troop cut, with an
68 ambition of returning the Army to 100,000 troops.
- 69 b) Setting out a pathway to spending 2.5% of GDP on
70 defence by no later than Easter.
- 71 c) Maintaining the UK's nuclear deterrent with the four
72 Dreadnought-class submarines providing continuous at-
73 sea deterrence, while pursuing global multilateral
74 disarmament.
- 75 F. Deepen cooperating on defence and security with our allies,
76 including by:
- 77 a) Providing further investment in the Joint Expeditionary
78 Force, including convening a summit of JEF leaders in
79 the UK to discuss how the JEF should respond to
80 Trump's election and his remarks regarding Greenland.
- 81 b) Building on existing UK-French and UK-German
82 cooperation arrangements, including the Lancaster
83 House Treaties and the Trinity House Agreement.
- 84 c) Developing closer cooperation with EU agencies and
85 member states over defence, intelligence and cyber-
86 security.
- 87 G. Protect the UK from foreign interference from overseas
88 oligarchs and hostile state and non-state actors by:
- 89 a) Making protecting our democracy a national security
90 priority.
- 91 b) Taking big money out of politics by capping donations to
92 UK political parties.
- 93 c) Work closely with European and other democratic allies
94 to coordinate our response to Russian interference.

F23 Animal Welfare in the Food System

Federal Policy Committee.

Mover: Tim Farron MP (Spokesperson for Environment, Food and Rural Affairs).

Summation: Danny Chambers MP.

- 1 Conference believes that:
- 2 i) Animals are sentient beings with the capacity to feel pain
- 3 and suffering and that they have a right to live in as decent
- 4 and humane conditions as possible.
- 5 ii) The British people are a nation of animal lovers, who expect
- 6 and deserve high levels of animal health and welfare in the
- 7 food that they eat.
- 8 iii) The government must have a comprehensive strategy for
- 9 animal welfare which ensures animals in the food system
- 10 are able to live in humane and healthy environments from
- 11 birth to death.

Sunday 23 March cont.

12 iv) Government policy must support British farmers to produce
13 a safe, sustainable and affordable supply of food while
14 further improving animal welfare and environmental
15 standards.

16 v) High animal welfare standards go hand in hand with high
17 environmental standards, food security, human health, and
18 a stronger economy.

19 Conference notes that, under the last Conservative
20 Government, Britain started to fall behind on animal welfare,
21 undermining high standards of British farming, with notable
22 failures including:

23 A. The culling of hundreds of thousands of animals due to
24 labour shortages brought about by the shortage of vets and
25 farm workers and the closure of small local abattoirs, due to
26 the Conservatives' failure to support rural communities,
27 mismanagement of the economy, and failed deal with
28 Europe.

29 B. The introduction of low animal welfare imports onto British
30 shelves due to the Conservatives' flawed trade deals and
31 chaotic border controls.

32 C. Scrapping the Kept Animals Bill in May 2023.

33 D. Failing to act meaningfully on the 2018 Stacey Review on
34 farm regulation.

35 E. Breaking its promise to consult on ending the use of cages
36 for farm animals.

37 Conference also notes with disappointment the Labour
38 Government's failure so far to make any progress on its election
39 commitment to "the biggest boost in animal welfare in a
40 generation", including:

41 1. The absence of an overarching animal welfare strategy,
42 with no mention of it in the King's Speech and no
43 government legislation planned.

44 2. Its timid approach to Europe hampers farmers with red
45 tape and restricts their access to key workers like vets.

Sunday 23 March cont.

- 46 3. A lack of understanding of rural and farming communities,
47 which are responsible for maintaining our food and animals
48 to high standards.
- 49 Conference reaffirms the existing Liberal Democrat
50 commitments to:
- 51 I. Ensure that UK animal welfare and farming standards are
52 not undermined by new trade deals and renegotiating the
53 trade deals with Australia and New Zealand to ensure
54 British standards are not undercut.
- 55 II. Provide a responsive and well-resourced advisory service
56 for farmers.

60 and cattle.

62 as soon as possible, and alignment on standards and
63 quality.
- 64 V. Introduce a Research and Innovation Fund to support new
65 and emerging technologies in the sector including the
66 further development of precision agriculture and alternative
67 proteins.
- 68 Conference calls for the highest quality of life possible for
69 animals in our food system, including by:
- 70 1. Passing a comprehensive new Animal Health and Welfare
71 Bill and all-encompassing national strategy on animal health
72 and welfare, that secures Britain's place as a world leader in
73 animal welfare.

76 farmers so that they can develop even higher, world-
77 leading standards of animal welfare.

82 investigation into veterinary services to cover non-

92 Commitment standards.
- 93 3. Improving animal welfare standards in trade by:

97 produced with antibiotic growth promoters.
- 98 c) Ensuring that no animal product that would be illegal to
99 produce in the UK can be sold in Britain, including foie
100 gras.
- 101 4. Introducing a national strategy to combat antibiotic
102 resistance in farm animals, so that they are no longer used
103 to compensate for poor conditions, including:
- 104 a) Training and financial support for farmers to reduce
105 their antibiotic use.
- 106 b) A UK ban on all routine use of antibiotics and all
107 preventative use of antibiotics in groups of animals.

10.45 Policy Motion

Chair: Cllr Hannah Kitching. Aide: Chris Maines. Hall Aide: Cllr Darryl Smalley.

F25 Ending the Crisis: A Fair Deal for Children with SEND

12 members.

Mover: Munira Wilson MP (Spokesperson for Education, Children and Families).

Summation: Callum Robertson.

- 1 Conference believes that:
- 2 i) Outcomes for young people with special educational needs
3 and disability (SEND) are consistently lower than for their
4 peers without SEND.
- 5 ii) According to the National Audit Office, the current SEND
6 system is “not delivering better outcomes for children and
7 young people”, while local authorities face significant
8 financial risks; 43% of local authorities will have
9 unsustainable deficits by March 2026.
- 10 iii) Just half of Education Health and Care Plans (EHCP) are
11 issued within the statutory 20 week limit.
- 12 iv) Where parents appeal an EHCP decision, 95% are
13 successful, subjecting families to significant and
14 unwarranted delays and legal costs.
- 15 v) A lack of educational psychologists is one factor in delays to
16 accessing SEND support.
- 17 vi) SEND families are faced with a ‘postcode lottery’ with
18 inconsistent access to support for children with SEND
19 across different local authorities and regions.
- 20 vii) Local authorities are faced with unsustainable costs for
21 home-to-school SEND transport and for private special
22 schools.
- 23 viii) Children with SEND are roughly three times as likely to be
24 permanently excluded or suspended, compared to their
25 peers.

Sunday 23 March cont.

- 26 ix) Children with SEND are significantly more likely to be absent
27 from school.
- 28 x) Children with SEND are disproportionately affected by the
29 practice of off-rolling and can be subject to bias in
30 admissions.
- 31 xi) Overstretched schools and teachers are being forced to act
32 as a 'fourth emergency service' due to inadequate provision
33 for children's mental health and social care.
- 34 Conference further believes that in addressing this crisis, the
35 Government must take an approach that balances the need for
36 greater inclusivity for children with SEND in mainstream
37 schools, with a recognition that for some children with SEND,
38 even the most inclusive mainstream setting may not be
39 suitable.
- 40 Conference reaffirms Liberal Democrat calls for:
- 41 A. A National Body for SEND, to oversee the provision of
42 support for children with SEND and fund the costs of very
43 high needs over £25,000 a year.
- 44 B. Extra funding for local authorities, to reduce the amount
45 that schools pay towards the cost of a child's EHCP.
- 46 Conference calls on the UK Government to:
- 47 I. Speed-up the building of state-funded special schools,
48 including by:
- 49 a) Proceeding as a matter of urgency with construction of
50 the 67 currently planned special free schools.
- 51 b) Streamlining processes so that local authorities can
52 build special schools, without unnecessary delays from
53 central government.
- 54 II. Improve inclusion of children with SEND in mainstream
55 education, supported by the necessary resources and
56 adaptations, including through:
- 57 a) A statutory requirement, building on current teacher
58 training and early careers provision, for all teachers to

Sunday 23 March cont.

- 59 be fully trained to identify and deal with SEND issues,
60 and to have access to Continuous Professional
61 Development (CPD) on SEND.
- 62 b) A statutory requirement for all non-teaching
63 educational professionals to receive training on SEND
64 issues.
- 65 c) A National Inclusion Framework for schools and
66 academy trusts, to include a clear definition of inclusion,
67 as well as guidance for school leaders on how to
68 support pupils to overcome any additional
69 vulnerabilities that may prevent them from engaging in
70 mainstream education.
- 71 d) A National Parental Participation Strategy, creating a
72 new duty for schools to focus on parental participation
73 as an important pillar of inclusivity.
- 74 e) Steps to encourage the presence, where appropriate, of
75 a special educational needs co-ordinator (SENCO) on
76 each school's senior leadership team, recognising the
77 importance of a fully-qualified SENCO in school
78 inclusivity.
- 79 f) Reviewing how protected time can be provided for
80 SENCOs to do their work.
- 81 g) Reforming Ofsted inspections so that the importance of
82 inclusive provision for students with SEND is properly
83 taken into account.
- 84 III. Take measures to improve early identification of SEND,
85 including by ensuring that all educational professionals,
86 particularly in the early years workforce, receive SEND-
87 specific training.
- 88 IV. Work alongside local government to review how persistent
89 absence among children with SEND can be reduced,
90 encouraging schools to take a holistic approach on
91 improving attendance amongst SEND pupils and ensuring
92 parents are supported to help their children back into well
93 resourced school settings.

Sunday 23 March cont.

- 94 V. Review how financial burdens on local authorities caused by
95 the costs of SEND home-to-school transport and the cost of
96 places in private SEND provision can be reduced.

Applicability: England only.

Mover: 7 minutes; summation 4 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see pages 8-11.

The deadline for amendments to this motion is 13.00 Monday 10 March; see pages 13-14. Those selected for debate will be printed in Conference Extra and Sunday's Conference Daily. The deadline for requests for separate votes is 09.00 Saturday 22 March; see page 9.

Copies of motions not selected shall be available for inspection and will be supplied to any party member on payment of a copying charge and postage.

3.2 Motions for the amendment of the constitution or standing orders

The Committee shall, in drawing up the Agenda, have due regard to the balance of State and Federal policy debates and in particular shall as far as possible organise the agenda so that all matters which relate solely to one or more state parties but not all State Parties or the Federal Party shall be considered at either the beginning or the end of the conference.

4. Selection of Motions and Amendments

4.1 Compositing or otherwise altering motions

- b) Redraft a motion or amendment so as to improve expression, remove inaccuracy or superfluity or take account of new developments.
- c) Composite similar motions or amendments.
- d)

Standing Orders

4.2 Selection of amendments

The Committee shall decide which of the amendments duly submitted to each motion shall be selected. No amendment shall be selected if, in the opinion of the Committee it is insubstantial, outside the scope of the motion, or tantamount to a direct negative of the motion.

4.3 Motions for the amendment of the constitution or standing orders

The Committee may refuse to select a motion for amendment of the constitution or standing orders if, in their opinion, it is:

- a) Similar in effect to another motion which has been selected for debate or ballot at the same meeting of conference.

- c) In the case of amendments to the constitution, incomplete in that it leaves unamended some other part of the constitution which contradicts the meaning of the amendment.
- d) In the case of amendments to standing orders, incomplete in that it leaves unamended some other part of standing orders which contradicts the meaning of the amendment.
- e) Ambiguous.

4.4 Emergency motions

The Committee may reject an emergency motion if:

- a) It is similar in effect to another motion that has been selected for debate or ballot.
- b) It is similar in effect to a subject chosen for a topical issue discussion.
- c) It is unclear as to its meaning or intent or is, in the opinion of the Committee, too poorly drafted to provide a sensible basis for debate.
- d) It falls outside the definition of emergency motions.

No amendment shall be taken to any motion selected under this Standing Order.

4.5 Ballots for emergency motions

All emergency motions, except those rejected under Standing Order 4.4, must be placed either on the agenda for debate or in a ballot for selection by Conference. The Committee may hold separate ballots to select which of a

Standing Orders

range of emergency policy motions and which of a range of emergency business motions to debate. If one or more ballots is held the Committee shall circulate the text of all balloted motions to the voting members as soon as practicable and shall specify a closing time for the ballot. Following the counting of any ballots the Committee shall decide how many motions shall be debated in the time available.

4.6 Emergency amendments

The Committee shall have complete discretion whether to select emergency amendments for debate.

4.7 Topical issue discussions

The choice of subjects for topical issue discussions shall be made by the Officers of the Committee in consultation with the Officers of the Federal Policy Committee. In choosing the subjects, the Officers shall have regard to the significance and topicality of the subjects proposed and whether they are likely to provoke a lively discussion.

5. Special Meetings

5.1 Timetabling of special meetings

The Committee shall, as soon as practicable after the requisitioning of a special meeting of the conference, fix a date for the meeting, draw up the Agenda and, if appropriate, specify a date for the submission of amendments. The meeting shall deal only with the business stated in the notice of requisition save that the Committee may allow time for emergency motions and for business which is formal or, in its opinion, uncontentious.

5.2 Preferred timescales for special meetings

In setting dates for the submission of motions and amendments and giving notice thereof and of the conference itself the Committee shall endeavour to follow the timescales laid down elsewhere in these standing orders but, where this is not practicable, the Committee shall set such dates as it sees fit.

6. Appeals

6.1 Appeals against rejection of motions

The Committee shall provide written reasoning to the nominee of the proposers for the rejection of any motion or amendment. The proposers may

Standing Orders

appeal, in writing, to the next meeting of the Committee. Any such appeal shall provide reasons why, in the opinion of the proposers, the expressed reasons for rejection are not valid. If the appeal is allowed, the motion or amendment shall be treated as an emergency motion or amendment according to the stage of the agenda-setting process at which the appeal has been allowed.

6.2 Appeals against exclusion from conference

Any person excluded from conference by a decision of the Chief Steward shall have the right of appeal to the Committee at the next of its regular meetings. The exclusion shall remain in force pending the appeal.

7. The Chair

7.1 Who chairs conference

The President, if present, shall normally take the chair at the formal opening and closing of Conference and when the Party Leader is making a formal speech from the platform. At all other sessions the chair shall be appointed by the Committee. Normally no person shall chair more than one session at any meeting.

The Committee may appoint an aide or aides to assist the chair of each session.

8. Conduct of Debate

8.1 Variation in the order of business

The Committee may propose to the conference a variation in the order of business as set out in the Agenda. Such variation shall be put to the vote and shall take effect if approved by a majority of those voting.

8.2 Withdrawal of motions and amendments

Once the Committee has included a motion or amendment, or part of a motion or amendment, in the Agenda, may not be withdrawn except by leave of conference. A request to withdraw a motion may be submitted to conference either by the movers of the motion or the Committee.

Standing Orders

8.3 The order of debate

The Committee shall direct the order of debate. Generally, however, a motion will be moved and immediately thereafter the amendments and options will be moved in the order directed by the Committee. There will then be a general debate. The movers of amendments and options (or their nominees) shall have the right of reply in the same order (except that where an amendment or option has not been opposed during the debate, the chair of the session shall have the right to direct that its movers shall not exercise their right of reply), after which the mover of the motion (or the mover's nominee) shall have the right of reply. Votes shall then be taken on the amendments and options in the order in which they have been moved and, finally, on the substantive motion. The Committee may direct that part of any motion or amendment or groups or amendments may be the subject of a separate debate.

8.4 Topical issue discussions

The Committee shall direct the order of the discussion. Normally the proposer of the subject shall speak first, and a representative of the Federal Policy Committee shall speak last.

8.5 Who may speak

All voting members may speak at a full session of conference. Additionally, the Committee may invite any person to address the conference as a guest. Neither such provision shall prejudice the right of the chair of a session to select speakers.

8.6 The special rights of the Federal Committees

Provided that the Federal Policy Committee is not proposing the motion or any of the amendments to be taken in a debate on a policy motion or on motions relating to the policy-making processes of the Party it shall have the right to nominate a person to report its views on the subject before the conference. The Federal Board shall have similar rights on business motions or motions to amend the constitution, as shall the Federal Conference Committee on motions relating to the proceeding and procedures of the conference and to amend standing orders. Such a person shall be called to speak for the same length of time as the person replying on behalf of the mover of the motion.

8.7 The selection of speakers

Voting members wishing to speak in any debate shall submit a speaker's card,

Standing Orders

prior to the commencement of the debate in which they wish to speak, stating whether they wish to speak for or against an amendment, the motion or part of the motion. The chair shall be responsible for the choice of the speakers and shall attempt to provide a balanced debate between the different viewpoints in the conference, but may announce a departure from this rule if there is an overwhelming preponderance of members wishing to speak on the same side. The chair shall have the discretion to accept speakers' cards after the start of the debate. Save as provided for in these standing orders, no person may speak more than once in any debate.

8.8 The length of speeches

The Committee shall set out in the Agenda time limits for speeches.

9. Voting at Conference

- c) When the request is to be taken, the chair shall read the statement of reasons and ask Conference whether it wishes to consider the request to move to next business. If Conference decides, by a simple majority of those voting, to do so, the person who made the request may speak. The Chair may allow other speakers. All speeches under this standing order shall be limited to two minutes. If Conference decides not to debate the proposal, it falls.
- d) The proposal shall require a two-thirds majority of those voting to be passed. If it is carried the current agenda item shall be abandoned without any further debate or vote and, at the discretion of the chair, either the next agenda item shall be taken or there shall be an adjournment until the time at which the next agenda item was due to be taken.

11.2 Reference back

- a) A request to refer back a motion under debate may be submitted by any of the bodies or groups listed in Standing Order 1.3(b) for business motions and 1.3(d) for policy motions. In exceptional circumstances, the chair of the debate shall have discretion to accept a request for a reference back if it is received in writing after this deadline.

Standing Orders

- b) The submission shall state to whom the motion is to be referred and shall include a statement of the reasons, including reasons why voting against the motion would not achieve a similar result, not exceeding 150 words.
- c) If more than one request is received with respect to a motion, the Committee (or the chair of the debate in the case of requests received after the deadline) shall decide which to take. No more than one request may be taken with respect to any motion.
- d) When the request is to be taken, the Chair shall read the statement of reasons and ask Conference whether it wishes to consider the request to refer. If Conference decides, by a simple majority of those voting, to do so, the person who made the request may speak and the mover of the substantive motion, or their nominee, may reply. The Chair may allow other speakers. All speeches under this standing order shall be limited to three minutes. If Conference decides not to debate the reference back, it falls.
- e) The reference back shall require a simple majority of those voting to be passed. If it is carried the current agenda item shall be abandoned without any further debate or vote and, at the discretion of the chair, either the next agenda item shall be taken or there shall be an adjournment until the time at which the next agenda item was due to be taken.
- f) If the substantive motion is referred to the Federal Board, the Federal Policy Committee or the Federal Conference Committee that body shall, in its report to the next meeting of the conference, state what action it has taken on the reference.

11.3 Separate vote

If the debate is scheduled for the first day of conference, the request must be received in writing no later than 48 hours before the opening of conference. In exceptional circumstances, the Chair of the debate shall have discretion to accept a request for a separate vote if it is received in writing after this deadline.

11.4 Counted vote

Any voting member may ask for a counted vote, which shall be taken if the

Standing Orders

request is supported by 50 members rising in their places and showing their voting cards.

11.5 Suspension of standing orders

Such a motion may contain no more than one proposed change to the agenda or conduct of debate. The mover shall submit the motion together with a written statement of its purpose, not exceeding 75 words, to the chair, who shall read them to the meeting. The chair may either take the request immediately upon receipt, or at the end of the speech currently being made.
- b) No motion to suspend standing orders may suspend any requirement of the constitution, nor any part of these standing orders which govern:
 - i) The rights of, or timetable for, submission of motions and amendments.
 - ii) Consultative sessions.
 - iii) Procedural motions for next business or suspension of standing orders.
- c) No motion to suspend standing orders to introduce a motion or amendment on to the agenda can be taken unless the motion or amendment has been submitted to the Committee in accordance with the published timetable and, where a right of appeal against non-selection exists, the right has been exercised.
- d) The chair shall read the statement of purpose and, if the suspension is allowable in the terms of this standing order, ask the conference whether it wishes to debate the request for suspension. If the conference decides not to debate the request, it falls. If the conference decides, by a majority of those present and voting, to hear the request the mover may speak and a representative of the Committee may reply. The chair shall have the discretion to allow other speakers. All speeches on the motion to suspend standing orders will be limited to two minutes.

Questions to the Federal Board report may include questions about the work of the Federal Audit and Scrutiny Committee and the work of the Federal People Development Committee

12.3 Whether questions are in order or not

A question shall be ruled out of order if it asks the body submitting the report about issues which are outside its duties and responsibilities. If the question could be answered by another body reporting to the same conference, the Committee may transfer the question to that body.

12.4 How questions and supplementary questions are put and answered

After the report is moved, the mover, or their nominee, shall answer the questions in turn. After each question has been answered, the voting member who submitted the question will be given the opportunity to put a supplementary question, speaking for a maximum of one minute, and the mover, or their nominee, will be given an opportunity to respond. The chair shall determine the time given to the mover in moving the report and replying to questions. The Committee or, in the case of late submissions, the chair, shall decide how many references back to take if more than one is submitted. The representative of the body or group that submitted the request shall speak and the mover of the report, or their nominee, shall reply. A proposal to refer back shall include a written statement of the reasons, not exceeding 150 words, including reasons why not receiving the report would not achieve a similar result, together with any recommendations to the body tabling the report. The Committee or, in the case of late submissions, the chair, shall decide how many references back to take if more than one is submitted. The representative of the body or group that submitted the request shall speak and the mover of the report, or their nominee, shall reply.
