Speaking and Voting at Conference

Applying to speak

To make a speech in a debate you must:

- complete a speaker's card, collected from and returned to the Speakers' Table at the front of the auditorium, an auditorium steward or the Information Desk; **or**
- submit an electronic speaker's card up to one hour before the start of the debate, online at:

www.libdems.org.uk/speakers-card

Completing a speaker's card

When completing a speaker's card, remember:

1 Submit your card well in advance.

The chair and aide team for the debate will meet well in advance to plan the debate – sometimes the previous day.

2 Fill in your card completely.

Complete the back of the card as well as the front. These sections are needed for the chair and aide to balance the debate, so they can call people with relevant experience and avoid a string of people making the same point.

3 Make sure it's readable!

Don't fill every square centimetre of the card, and write legibly – the easier you make it for the chair and aide to read the card the more likely you will be called.

Live Stream

The conference will be streamed live. In case you miss any sessions or want to watch again, go to www.LibDems.org.uk/conference-live

F34 Trading with our Allies, Standing Up to Trump

12 members

Mover: Joshua Reynolds MP (Spokesperson for Investment and Trade)

Summation: Al Pinkerton MP (Spokesperson for Europe)

- 1 Conference notes with concern that:
- 2 a) On July 23rd, President Trump hit dozens of countries, including the
- 3 UK, with new tariffs, after the Supreme Court ruled his previous
- 4 'Liberation Day' tariffs illegal.
- 5 b) The US Government has begun accepting refund applications from
- 6 businesses around the world for the legally void tariffs they paid,
- 7 with \$100 billion already refunded.
- 8 c) On August 22nd, the Trump administration escalated its trade war
- 9 against Canada by applying 50 per cent tariffs on \$20 billion of
- 10 Canadian imports.
- 11 d) In August, the White House threatened the UK with 100 per cent
- 12 tariffs over Britain's Digital Services Tax, levied on global tech giants,
- 13 with the Burnham Government reportedly being "open to discussing
- 14 US concerns".
- 15 Conference reaffirms Liberal Democrat commitments to championing
- 16 free trade and expanding the UK's multilateral partnerships with
- 17 counterparts whom Britain can rely on – particularly in Europe and the
- 18 Commonwealth.
- 19 Conference therefore calls on the Government to:
- 20 1. Immediately drop its red lines on Europe and negotiate a new
- 21 Growth and Defence Partnership with the EU, including joining the
- 22 Single Market and a new Customs Union.
- 23 2. Offset Trump's latest tariffs in the short term, by urgently securing
- 24 participation in the EU's 'Made in Europe' scheme, vital for our steel
- 25 industry; concluding an SPS agreement for food and agricultural
- 26 produce; and securing regulatory alignment in key areas, such as the
- 27 mutual recognition of professional qualifications.
- 28 3. Stand shoulder to shoulder with Canada, commit to closer trade links
- 29 with our Commonwealth allies and build an economic coalition of the
- 30 willing to end Trump's trade war.

Tuesday 22 September cont

- 31 4. Launch a new initiative supporting eligible UK businesses in claiming
32 US tariff refunds, including raising awareness and providing
33 information and advice.
- 34 5. Defend British taxpayers against Trump by resisting US pressure to
35 water down or scrap the Digital Services Tax.

Applicability: Federal.

Help us win!

Reform has £72m in the bank, but money alone doesn't guarantee seats: at the last election they spent £5.5m and won five, while we spent the same and won 72.

That's the arithmetic that matters, and it's why urgent funding now, to scale up what we know beats Reform, will make the difference at the next election.

In the constituencies that matter most, we are the ones standing between Reform and victory.

Give because you believe in liberal democracy, in equality, in tackling climate change, in opportunity, and in a fairer, more decent Britain.

Your donation pays for the messaging, the leaflets, the data and the campaign managers who turn that strategy into wins, because unlike Reform, we know exactly where the money came from.
